

The French Revolution
1770-1814

A History of France will, in five volumes, provide an account of 1,000 years of French history. The authors are among the most distinguished French historians, and the reception given to the first three volumes when they appeared in France in 1987 and 1988 suggests that this will be the standard history of France for many years to come.

Already published

France in the Middle Ages 987–1460
