 539, 541
 modern logic 43
 paraconsistency 640
 semantical and logical paradox 121
 sentences 5–6
 truth, the Liar and Tarski's semantics
 148, 157
 truthmaker principle 356, 357, 358
- Turing, A. M. 139, 312–13, 316, 667–78
see also Turing machine
- Turing machine 313–14, 316, 667–78
 automatic (a) machines 670–1, 675
 brain 674, 676
 computability 674, 677
 finite structures: definability, complexity
 and randomness 333, 335, 339–40,
 342
 finiteness 668, 671
 intuition 520, 672, 674, 676
 labeled deductive systems 746
 oracle (o) machines 670–1, 672–3,
 675–6, 677
 randomness 675–6
- Turner, R. 558
- turnstile 242
- Turquette, A. R. 552, 553, 554
- Turunen, E. 604
- Twardowski, K. 45
- twin earth thought-experiment 76
- two degrees of separation 345, 346
- two dimensions 403
- two-valued logic 532–5, 541, 542, 543,
 602
- type theory 119, 269, 372, 526–9
- type-free truth theory 121
- types 47, 527
- Ulrich, W. 763
- ultrafilter extensions 431–2
- unary relation 423
- uncertainty principle 134
- unification 713–15, 719
- uniform continuity theorem 520, 521
- uniform distribution law 346
- universal class 110–11
- universal generalization 448, 756
- universal instantiation 44, 209, 217,
 270–1, 296
- universality 128–9, 328, 330

- universals debate 267–8
- unravelling 457
- untruth 121
- urn model 500, 574
- Urquhart, A. 307–17, 555, 556–7, 612, 613, 614, 615
- uselessness 720, 721
- utter pessimism 720–1
- utterance 66–7, 185–6, 202, 203, 247

- vagueness 537, 538–9, 543, 557
- valence 153
- valid inference *see*
 - deductively valid inference
- validity 327
 - alethic modal logic 425, 429, 449
 - argument 230
 - consequence, varieties of 252
 - contradiction: relevance, paraconsistency and dialetheism 651, 653, 655, 661
 - in the finite 332–3
 - first-order alethic modal logic 419
 - meta-theory 309
 - modal logic 394
 - paraconsistency 632–3
 - paradox 132
 - universal 211
- valuation 242, 414
 - alethic modal logic 423, 424, 425, 427, 429, 446
 - deontic, epistemic and temporal modal logics 493, 495
 - paraconsistency 638–9, 643, 644
 - predication, negation and possibility 300, 302
- values 43
 - designated 636, 637, 640, 643
- van Atten, M. 513–29
- van Benthem, J. F. 391–407
 - alethic modal logic 428–9, 430, 448–51, 452, 460, 461–2
 - definability, complexity and randomness 333
 - deontic, epistemic and temporal modal logics 495, 496
 - modern logic and knowledge 683
- Van Cleve, J. 353, 356
- Van Dalen, D. 446, 513–29
