Reference citations in the text are by last name of author and year, e.g. McFadden (1989) or (McFadden, 1989). If the same author and year are cited again, use 1989a, 1989b, etc. The title page should include the full names and qualifications of the authors, with the name and address of the author to whom proofs and correspondence should be sent. An abstract of not more than 100 words should be included. The title should be as brief as possible. If it exceeds 45 characters and spaces, include a brief running title. The submission of a paper will automatically imply that it contains original unpublished work and is not being submitted for publication elsewhere.
