CALL FOR PAPERS

The Geneva Association Health and Ageing Research Programme
is pleased to announce a

Special issue of
The Geneva Papers on Risk and Insurance – Issues and Practice
on Health Insurance
October 2004

We encourage you to submit papers on topics dealing with the following subjects:
◆ The impact of integrating an ageing population in health insurance systems.
◆ The effect of technology on health insurance.
◆ The cost of intervention and technological advances in medicine.
◆ Development of health care systems and the capitalization issue.
◆ The interaction of public and private systems in health provision.
◆ Long-term health care insurance and long-term health risks.

Suggestions for other topics will be considered by the editors.

A special Editorial Board has been set-up and all papers will go through a refereeing process. Papers should be submitted by 31 January 2004 to Dr Christophe Courbage, special editor of this issue, (christophe_courbage@genevaassociation.org) or by standard mail at the following address:

Dr Christophe Courbage
Head of Programme
The Geneva Association
Route de Malagnou, 53
CH – 1208 Geneva
This third Ageing Initiative sets out to:

- Focus on the “second and third pillar” schemes for corporates and individuals;
- Provide analysis and insights on the impact of the second and third pillar reforms on growth, productivity and capital markets;
- Identify within Europe transformation challenges and opportunities for the General Assembly where one per year 50 of the top insurance CEOs gather. The Geneva Association also acts as a forum for its members, providing a worldwide unique platform for the top insurance CEOs. It provides a framework for its members to exchange ideas and discuss key strategic issues, especially at the General Assembly where one per year over 50 of the top insurance CEOs gather. The Geneva Association also acts as a forum for
- Identify within Europe transformation challenges and opportunities for
- Involve the various business communities in preparing newly developed solutions and products and meeting the challenge;
- Involve stakeholders to make firm commitments and contribute to solutions that can be rolled out; and
- Raise awareness about the need for reform.
- For more information, please contact:

Pensions and Development in the South
Armando Barrientos 696

Pensions in North Africa: The Need for Reform
Houssi Chourouk 712

Analysing French Pension Reforms
Anne Lavigne 727
NOTES FOR CONTRIBUTORS

1. Articles submitted to the International Association for the Study of Insurance Economics to be published in The Geneva Papers may not be submitted to any other publication simultaneously.

2. Articles should be submitted as an electronic file, by e-mail attachment or on diskette, in MS word, with a separate copy on white paper using double spacing. The papers should include footnotes and any list of references. Articles may be submitted in English, French or German. Preference will be given to papers written in English. Articles should not exceed 8,000 words.

3. Papers should start with a clear introduction to the subject followed by an indication of the most important published results relating to this matter. The conclusion should incorporate a non-technical summary of the findings, their significance, limitations, and possible applications. More theoretical contents should be submitted to The Geneva Papers on Risk and Insurance – Theory.

4. Statistical information and mathematical equations, charts, and graphs should be presented clearly accompanied by a detailed explanation and numbered consecutively. Authors are fully responsible for the accuracy of the presented material and for confirming any modifications before publication.

5. In order to ensure a publication of high quality, all illustrations, charts, graphs, diagrams, etc. must be sent as black-and-white “camera-ready” copies or in Excel format before they can be printed.

6. Authors shall also be responsible for accurate bibliographical references. They should be set out in alphabetical order of the author’s name in a list at the end of the article. They should be given in a standard form, as in the following examples:

7. The author’s name should appear under the title of the article. Any additional information about the author (i.e. title, workplace) should be presented as a footnote.

All articles should be submitted to:
The Geneva Association
Editor of the Geneva Papers
Route de Malagnou 53
CH-1208 Geneva
Tel: +41 (22) 707 66 00
Fax: +41 (22) 736 75 36
email: secretariat@genevaassociation.org

Acceptance of the article for publication will be pending until reviewed by members of the editorial panel. Articles will be selected for publication according to their level of professional quality and their concurrence with the issues dealt with by The Geneva Association.
Insurance and Risk Management

Published by the Risk Management Chair at HEC Montréal

Insurance and Risk Management is a university publication. The April 2003 issue coincides with its 71st anniversary.

The journal analyses the insurance industry and its evolution since 1932. It studies, from theoretical and practical angles, all aspects related to insurance and risk management. It also deals with insurance distribution and insurance law.

The publication draws on contributions from many internationally renowned researchers.

This bilingual and accessible publication taps into the twin resources of experience and global views.

Sample of articles:

- Hultquist, Michael D.: Insurability of Punitive Damages – A Legal Perspective, January 2002 (545-564)
- Brown, Craig: No-Fault Automobile Insurance in Ontario: a Long and Complicated Story, October 1998 (399-422)
- Moreau, Rémi: September 11, Ten Months Later, July 2002 (173-188)

General Information
This newsletter presents articles, papers, and information linked to The Geneva Association’s main activities.

Insurance Economics
This newsletter is intended for risk and insurance economists and professionals who deal with the concepts and theories behind insurance.

PROGRESS
A newsletter on the most relevant issues in insurance regulation and supervision, and legal questions.

Risk Management
This newsletter summarizes the Association’s initiatives and latest research issues in the field of risk management.

The Four Pillars
A newsletter which serves as a research and liaison bulletin to promote contacts and research on the future of pensions and social security, savings and investment, and of employment and retirement policies.

Health and Ageing
This newsletter is linked to the research programme on health issues in insurance and productive ageing.
ANNOUNCEMENT

The Geneva Association is establishing two new, high-level working groups:

1. The Annual Round-Table of Chief Risk Officers:
   Its aim is to provide Chief Risk Officers of members’ companies with a platform to discuss the roles, objectives and tasks of CROs, and to create a network to exchange experiences and discuss specific risk problems.

2. The Chief Communication Officers Meeting:
   Its aim is to provide Heads of Communication of our members’ companies with an opportunity to discuss issues of global strategic and macroeconomic importance, which are going to confront the insurance industry in the future.

Both will start operating at the end of the year 2003. The topics to be addressed by these working groups include:

1. For the Chief Risk Officers:
   - The changing risk landscape, new risks.
   - Enterprise risk management organization.
   - Balancing the value of pre- and post-disaster management.
   - Insurance regulation and supervision: demands on financial and operational risk management systems.

2. For the Chief Communication Officers:
   - Insurance and corporate finance and risk management.
   - Natural catastrophes and pre-disaster communication management.
   - Liability regimes and developments in legal issues.
   - Business strategy and communication issues in the boardroom of an international insurer.

The results of the meetings will be disseminated to our member companies.
Mercury Airfreight International Ltd, 365 Blair Road, Avenel, NJ 07001, USA (US mailing agent).

The journal is available on microfilm (16 mm or 35 mm) or 105 mm microfiche from the Serials Acquisitions Department, Bell & Howell Information and Learning, 30 North Zadow Road, Avenel, NJ 07001-1346, USA.

For information on all Blackwell Publishers books, journals and services log onto URL: http://www.blackwellpublishing.com. For customer service contact: Blackwell Publishing Ltd, 9600 Garsington Road, Oxford, OX4 2DQ, UK (tel: +44 (0) 1865 471775, fax: +44 (0) 1865 471776; E-mail: customerservices@oxon.blackwellpublishing.com). Cheques should be made payable to Blackwell Publishing Ltd.

The journal is available from The Geneva Association, Route de Malagnou 53, CH-1208 Geneva. Tel: +41 22 707 66 00; Fax: +41 22 736 75 36; E-mail: secretariat@genevaassociation.org.

The International Association for the Study of Insurance Economics, or by its short name "The Geneva Association", is a unique world secretariat that promotes research and discussion in the insurance sector and aims to improve the understanding and application of the principles of insurance economics. The association is a non-profit organisation and is funded by subscriptions, membership fees, and donations from individuals and organisations. It is a member of the International Council of Science Unions and is one of the founding members of the World Academy of Sciences. The association is a sister organisation of the International Insurance Centre (IIC) and the International Insurance Society (IIS).

The Geneva Association publishes the journal "The Geneva Association Review, a journal for the insurance profession". The journal is indexed in major academic databases and is available in print and online.

The focus of the "second and third pillar" is complex and requires a comprehensive understanding of the issues involved. The Geneva Association provides a forum for the exchange of ideas and the dissemination of research among professionals in the insurance industry.

Networks and events: The Geneva Association organises conferences and workshops on a variety of topics related to insurance economics. These events provide a platform for networking and the exchange of ideas among professionals in the field.

The association is committed to promoting diversity and inclusion in the insurance sector and has taken steps to ensure that women and people of all backgrounds are represented in its membership and leadership.

The Geneva Association is a vibrant and active community of professionals dedicated to advancing the understanding and application of insurance economics. It is a respected and respected organisation in the insurance industry and is widely recognised as a leader in the field.
CALL FOR PAPERS

We encourage you to submit papers on topics dealing with the following subjects:

✦ The impact of integrating an ageing population in health insurance systems.
✦ The effect of technology on health insurance.
✦ The cost of intervention and technological advances in medicine.
✦ Development of health care systems and the capitalization issue.
✦ The interaction of public and private systems in health provision.
✦ Long-term health care insurance and long-term health risks.

Suggestions for other topics will be considered by the editors.

A special Editorial Board has been set-up and all papers will go through a refereeing process. Papers should be submitted by 31 January 2004 to Dr Christophe Courbage, special editor of this issue, (christophe_courbage@genevaassociation.org) or by standard mail at the following address:
