

CHEMICAL BIOLOGY & DRUG DESIGN

Editor-in-Chief – Tomi K Sawyer

Welcome to Chemical Biology & Drug Design, a premier journal dedicated to the advancement of innovative science, technology and medicine with a focus on the multidisciplinary fields of chemical biology and drug design.

Types of articles published in the journal include:

- Editorials
- R&D Spotlights
- R&D Tutorials
- Research Letters
- Research Articles
- Reviews and Perspectives

Special features will include:

R&D Thematic issues (Drug Discovery, Breakthrough Medicines, Into-the-clinic)

Who's Who in Chemical Biology and Design (academia, industry and government)

Technology Forum (highlighting advanced instrumentation, reagents and services)
