

CHEMICAL BIOLOGY & DRUG DESIGN

Editor-in-Chief – Tomi K Sawyer Pfizer Research Technology Center, USA

Welcome to *Chemical Biology & Drug Design* (CB&DD), a premier journal dedicated to the advancement of innovative science, technology and medicine with a focus on the multi-disciplinary fields of chemical biology and drug design.

CB&DD manuscript types include:

- Editorial
- Commentary
- R&D Spotlight
- R&D Tutorial
- Perspective
- Review
- Research Article
- Research Letter

CB&DD special features include:

- Science Philosophy
- Medicine Pipeline
- Technology Platform
- Words of Wisdom

CB&DD networking forums include:

- Who's Who in Chemical Biology & Drug Design
- World Project Initiative

CB&DD cutting-edge thematic issues include:

- Molecular Armamentarium of Chemical and Biological Medicines
- Innovative Technologies for Basic Research and Drug Discovery
