

## AUTHORS' DECLARATION

Manuscript number

Title of manuscript

The corresponding author should arrange for this form to be signed by all contributing authors and forwarded to the journal office by:

**Post** Clinical and Experimental Optometry, PO Box 185, Carlton South VIC 3053, Australia

**Fax** + 61 3 9663 7478

**Email** cxo.editor@optometrists.asn.au

**The paper cannot be sent to the publishers Wiley-Blackwell for publication until this form and the Exclusive Licence Form are signed and received by the Journal.**

### AUTHORSHIP

The authors warrant that they have all made a substantial contribution to (1) conception and design, or acquisition of data, or analysis and interpretation of data AND (2) drafting the article or revising it critically for important intellectual content; AND (3) have approved the final version to be published.

### ORIGINALITY

Neither this manuscript nor one with substantially similar content under our authorship has been published or is being considered for publication elsewhere, except as described below.

Note: it is permissible to have previously published a shorter version of this paper as a conference proceeding. The Editor may accept a paper that has previously been published in a language other than English or a similar (but not the same) paper written for a different specialist readership. In all cases the prior publication must be disclosed in the manuscript.

### SOURCES OF FUNDING

The following external agencies contributed to the funding of the research reported in the paper or the costs of preparation of the paper. Insert "NIL" if no funding was received from outside the authors' institutions.

### CONFLICT OF INTEREST

The authors have no conflicts of interest other than those stated below, all of which are disclosed in the manuscript. Insert "NIL" if no conflicts of interest.

Authors must disclose all actual or potential conflicts of interest arising from an association with a commercial organisation as a director, employee, consultant or advisor or arising from a financial interest in any product described or reported in the paper. The existence of a potential for conflict of interest does not preclude publication but it must be disclosed in the paper.
