

Journal of Nursing and Healthcare of Chronic Illness

Reviewer Keywords

Please select up to **six** keywords from the following list that describe your area of expertise. You can either browse through the list or search for specific keywords using the 'search' facility in adobe acrobat (click 'edit' then 'search').

A			
Accident and Emergency	Achievement	Action Learning	Action Research
Acute Care	Adaptation	Adolescent Health	Adolescents
Adult Nursing	Advanced Nurse Practitioners	Advanced Nursing	Advanced Nursing Practice
Advanced Practice	Adverse Events	Aged Care	Aggression Management
Agitated Behaviours	AIDS	Alternative Therapy	Ambulatory
Anthropology	Anxiety	Art of Nursing	Arts/Literature
Assessment	Asthma	Attitudes	Attitudes to Mental Illness
Audit			
B			
Behaviour	Behaviour Observation	Behaviour Therapy	Beliefs
Bereavement	Biological Subjects	Body Image and Sexuality	Body Temperature
Bone Marrow Transplantation	Braden Scale	Brain Injury	Breast Awareness
Breast Cancer	Burnout		
C			
Cancer	Capacity Issues	Cardio-Thoracic Nursing	Care
Care Activities	Care Needs	Care Pathways	Care Plan
Caregiver Burden	Carer	Caring	Caring Intervention
Case Study Research	Chemotherapy	Chest Pain	Child
Child Behaviour	Child Nursing	Child Protection	Childhood Illness
Children	Chronic Illness	Chronic Kidney Disease	Chronic Obstructive Pulmonary Disease
Chronic Pain	Chronically Ill Child	Clinical Decision-Making	Clinical Effectiveness
Clinical Guidelines	Clinical Judgement	Cognitive Therapy	Collaboration
Colostomy	Comfort	Communication	Community
Community Care	Community Nursing	Community Psychiatric Nursing	Complementary Therapies
Concept	Congenital Heart Disease	Consumers	Content Analysis
Continence	Conversation Analysis	Coping	Coronary Heart Disease
Cost	Cost of Care	Counselling	Crisis Intervention
Critical Incidents	Critical Research Approaches	Critical Thinking	Cultural Issues
D			
Daily Activities of Living	Day Care	Death and Dying	Decision-Making
Delphi Study	Delphi Technique	Dementia	Dementia Care
Depression	Diabetes	Diagnosis	Disability
Discharge Planning	Discourse Analysis	District Nursing	Documentation
Domestic Violence	Double-Blind Situation		
E			
Eating Problems	Education Programme	Elder Care	Elderly
Elders	Emancipatory Action Research	Emergency	Emergency Care
Emergency Department	End-of-Life Decision-Making	Endocrine Disorders	Endometriosis
Epidemiology	Epistemology	Erectile Dysfunction	Ethics
Ethnicity	Ethnography	Ethnomethodology	Evaluation Research
Evidence	Evidence-Based Medicine	Exercise Intervention	Experiences
Experimental Design	Exploratory Factor Analysis	External Funding	Exudate
F			
Facilitation	Facilitators	Falling	Falls
Family	Family Care	Family Health	Family Nursing
Family Nursing Interventions	Family Planning	Family Therapy	Fatigue
Feeding	Feminism	Feminist Research	Focus Groups

G			
Gender	General Practice	Genetics	Geriatric
Gerontology	Grounded Theory		
H			
Haemodialysis	Head Injury	Health Economics	Health Education
Health Promotion	Health Psychology	Health Risks	Health Services Research
Health Visiting	Healthcare Assistants	Healthcare Worker	Heart Disease
Hermeneutics	Historical Research	HIV/AIDS	Holistic Care
Home Visits	Homelessness	Human Rights	
I			
Incontinence	Industrial Relations	Inequalities in Health	Infection Control
Information Needs	Information Technology	Instrument Development	Integrated Care
International Health	Interpersonal Communication	Interpretative Phenomenological	Interpretative Research
Interprofessional Care	Interprofessional Education	Interprofessional Practice	Intervention
Interviews	Intimate Partner Violence		
L			
Leadership	Learning Disabilities	Literature Review	Long-Term Care
M			
Mechanical Ventilation	Medication	Men's Health	Menopause
Mental Health	Meta-Synthesis	Metabolic Control	Mucositis
Multicultural Issues	Multidisciplinary	Multiple Sclerosis	Multiprofessional Care
Multiprofessional Education	Multiprofessional Practice	Musculoskeletal	
N			
Narrative	Neurology	Neurosurgery	Nurse–Patient Relationship
Nurse–Physician Relationship	Nursing Assessment	Nursing Care	Nursing Home Care
Nursing Models	Nursing Practice	Nursing Research	Nursing Theory
Nursing Workforce	Nutrition		
O			
Occupational Exposure	Occupational Health	Older People	Oncology Nursing
Orthopaedics	Osteoporosis	Outcomes	
P			
Pain	Pain Assessment	Pain Measurement	Pain Rating Scales
Pain Relief	Palliative Care	Parenting	Patient Participation
Patient Surveillance	Patient Teaching	Patient-Centred Care	Patient-Initiated
Patients' Experience	Pharmacology	Phenomenography	Phenomenological Hermeneutics
Phenomenology	Philosophy	Physical Skills	Physicians
Physiological Responses	Physiology	Policy	Politics
Post-Operative Care	Post-Operative Pain	Postmodernism	Primary Care
Primary/Secondary Care Interface	Prison Nursing	Prostate Cancer	Protocol
Psychiatric Nursing	Psychological and Social Coping	Psychology	Psychosocial Adjustment
Psychosocial Nursing	Public Health Nursing		
Q			
Qualitative Study	Quality and Safety	Quality-of-Care	Quality-of-Life
Quantitative Approaches	Questionnaire		
R			
Randomised Controlled Trials	Randomised Design	Reflection	Reflective Practice
Refusal of Care	Rehabilitation	Relative	Remote Area Nursing
Renal Nursing	Research	Research Delivery	Research Dissemination
Research Funding	Research Implementation	Research in Practice	Research Methods
Research Position	Research Utilisation	Resources	Respiratory Nursing
Restraint	Rheumatology	Risk Assessment	Role Development
Rural Nursing			
S			
Screening	Screening Tools	Self-Care	Self-Concept
Self-Efficacy	Self-Examination	Self-Management	Sexual Health
Sexuality	Sleep	Sociology	Spinal Cord Injury
Spirituality	Statistics	Stoma	Storytelling
Stress	Stroke	Substance Abuse	Suffering
Support	Support Group	Surgical Nursing	Survey
Symbolic Interactionism	Symptom Control	Symptom Perception	Systematic Review

Systematic Reviews and Meta-Analyses			
T			
Technology	Text Interpretation	Textual Analysis	Theatre Nursing
Therapeutic Relationships	Tissue Viability	Transcultural Nursing	Transference
Transitional Care	Translation	Transplantation	Triangulation Research
Type 2 Diabetes			
U			
Ulcerative Colitis			
V			
Validity	Vascular Disease	Venous Leg Ulcer	Violence
Vital Signs			
W			
Women's Health	Work Organisation	Work Satisfaction	Workforce Issues
Workforce Planning	Wound Care
