

American History

New & Forthcoming Titles 2007

Blackwell
Publishing

Blackwell Publishing is pleased to present its 2007 American History Catalog. Inside you'll find our extensive list of offerings covering the many subfields of American History including new textbooks, key backlist and important forthcoming titles. We hope you find this catalog to be a useful resource for identifying possible texts and invite you to request examination copies. For more information and to browse our entire catalog online, visit www.blackwellpublishing.com/history.

Sincerely,
Peter Coveney,
Executive Editor,
U.S. History

Social / Cultural History	7
Immigration & Ethnic History	7 - 8
African American History	8
History of American Women	8

Sports in American Life

A History

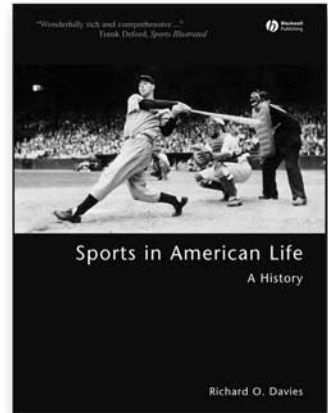

RICHARD O. DAVIES

University of Nevada, Reno

"...a valuable addition to our understanding of this institution that works itself so deeply into our culture."

~ **Frank Deford**, *Sports Illustrated*

This richly documented book traces the evolution of American sports from the colonial period to the present. The narrative is organized around the argument that sports have been a significant social force throughout American history.

The American West

ANNE M. BUTLER and MICHAEL J. LANSING

Utah State University; Augsburg College

"A wonderfully readable, thematically sophisticated survey of western history that draws heavily on the voluminous recent scholarship on the West to illuminate developments in race and gender relations, labor, the environment, economics and politics, and the region's central place in the national imagination."

~ **David Wrobel**, *University of Nevada, Las Vegas*

Tracing events from the pre-history to the present day, this book offers a concise and accessible history of the American West. Grounded in attention to race, class, gender, and the environment, the text focuses on social, economic, and political forces that shaped the lived experiences of diverse westerners and influenced the patterns of western history.

BRIEF CONTENTS

Introduction

1. First Wests, Many Wests
2. Inside Native Wests
3. Enforcing an American West
4. Imperial Wests

5. A Diverse, Urban, and Federal West
 6. Mythic West and Modern West
- Suggested Readings

Announcing a New Series:

Uncovering the Past: Documentary Readers in American History

The books in this series introduce students in American history courses to two important dimensions of historical analysis. They enable students to engage actively in historical interpretation, and they further students' understanding of the interplay between social and political forces in historical developments.

Series Editors: **STEVEN F. LAWSON** and **NANCY A. HEWITT**

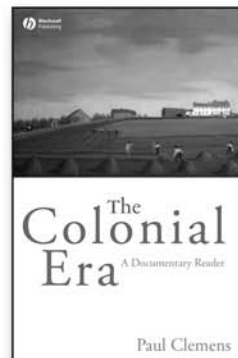

The Colonial Era

Edited by **PAUL CLEMENS**

Rutgers University

Offers a clear and original framework for studying the important issues in colonial American history.

- More than 80 essential documents on Colonial America
- Short headnotes introduce each selection
- Begins with a brief introduction by the editor and concludes with a bibliography designed to stimulate student research

FALL 2007 • 256 PAGES
978-14051-5662-2 • PB • \$29.95
