In order for your Book Review to be distributed as widely as possible in Children & Society (the 'Journal'), and in consideration of your Book Review being published in the Journal, you hereby grant to the National Children's Bureau ('NCB') and its successors and assigns an exclusive royalty-free licence to use the above Book Review, including the right to publish it in abstract in printed and electronic form, in all languages, and to administer subsidiary rights agreements with third parties for the full period of copyright and all renewals, extensions, revisions and revivals. The Book Review is deemed to include all material submitted for publication and includes the text, figures, tables, author contact details and all supplementary material accompanying the Book Review. The NCB shall be entitled to sub-licence, assign, transfer or charge any or all of its rights and/or obligations under this license either on its own behalf or through its publishing agent Blackwell Publishing Limited ('Blackwell Publishing') or any other publishing agent NCB may appoint from time to time (the 'Publishing Agent').

Please read this form carefully, sign at the bottom (if your employer owns copyright in your work, arrange for your employer to sign where marked), and return the ORIGINAL to the address below as quickly as possible. As author, you remain the copyright owner of the Book Review, unless copyright is owned by your employer. (US Federal Government authors please note: Your Book Review is in the public domain.)

Your Book Review will not be published unless an Exclusive Licence Form has been signed and received by NCB or the Publishing Agent.

Please note: You retain the following rights to re-use the Book Review, as long as you do not sell or reproduce the Book Review or any part of it for commercial purposes (i.e. for monetary gain on your own account or on that of a third party, or for indirect financial gain by a commercial entity). These rights apply without needing to seek permission from NCB.

- **Prior to acceptance:** We ask that as part of the publishing process you acknowledge that the Book Review has been submitted to the Journal. You will not prejudice acceptance if you use the unpublished Book Review, in form and content as submitted for publication in the Journal, in the following ways:
 - sharing print or electronic copies of the Book Review with colleagues;
 - posting an electronic version of the Book Review on your own personal website, on your employer's website/repository and on free public servers in your subject area.
- **After acceptance:** Provided that you give appropriate acknowledgement to the Journal, NCB and Blackwell (or the Publishing Agent), and full bibliographic reference for the Book Review when it is published, you may use the accepted version of the Book Review as originally submitted for publication in the Journal, but including any amendments made after peer review by the NCB or at the NCB's request, in the following ways:
 - you may share print or electronic copies of the Book Review with colleagues;
 - you may use all or part of the Book Review and abstract, without revision or modification, in personal compilations or other publications of your own work;
 - you may use the Book Review within your employer's institution or company for educational or research purposes, including use in course packs;
 - 12 months after publication you may post an electronic version of the Book Review on your own personal website, on your employer's website/repository and on free public servers in your subject area. Electronic versions of the accepted Book Review must include a link to the published version of the Book Review together with the following text (or any other text provided to you by the NCB or the Publishing Agent from time to time): 'The definitive version is available at www.blackwell-synergy.com'.

Please note that you are not permitted to post the Blackwell Publishing's (or the Publishing Agent's) PDF version of the Book Review online.

All requests by third parties to re-use the Book Review in whole or in part will be handled by Blackwell Publishing (or the Publishing Agent). Any permission fees will be for the account of the Journal. All requests to adapt substantial parts of the Book Review in another publication (including publication by NCB or Blackwell Publishing) will be subject to your approval (which is deemed to be given if we have not heard from you within 4 weeks of your approval being sought by us writing to you at your last notified address). Please address any queries to journalsrights@oxon.blackwellpublishing.com (or any other e-mail address provided to you by the NCB or the Publishing Agent from time to time).
