Author's Declaration

Manuscript title:

.....

.....

The authors confirm that the manuscript, the title of which is given above, is original and has not been submitted elsewhere. Each author acknowledges that he/she has contributed in a substantial way to the work described in the manuscript and its preparation.

The signature of EACH author is required. (Note that if there is insufficient space for all authors to sign the one form, please also complete a second form.)

Name

Signature

Date

In addition, the CORRESPONDING author must complete the following:

Were human studies involved (please circle as appropriate)? Yes No

If yes, I confirm that local Ethical Committee approval was received for the studies and that the informed consent of all participating subjects was obtained. This information is stated clearly in the manuscript.

Name

Signature

Date

Were animal studies involved (please circle as appropriate)? Yes No

If yes, I confirm that the animal experimental experimentation was conducted in accordance with the relevant local legislation.
