

## Journal Editor

The BSAVA is looking for a highly motivated individual with excellent organisational and editorial skills for the post of Editor of its scientific journal, the *Journal of Small Animal Practice* (JSAP). JSAP is a monthly peer reviewed journal publishing research in all aspects of small animal clinical practice. The Editor will play a key role in further developing JSAP as a leading international journal in its field. A thorough knowledge of veterinary medicine is essential. The successful candidate will have practical experience of publishing in peer reviewed scientific journals and a good understanding of the publishing process. Excellent communication skills are a prerequisite.

This is a part-time position, renewable annually, and attracts an honorarium.

Closing date for application: 4 December 2009

Further particulars and information about the application procedure can be obtained by contacting:
