Dawkins' God

Genes, Memes, and the Meaning of Life

ALISTER McGRATH

University of Oxford

"In this remarkable book, Alister McGrath challenges Dawkins on the very ground he holds most sacred - rational argument - and McGrath disarms the master. It becomes readily apparent that Dawkins has aimed his attack at a naive version of faith that most serious believers would not recognize. After reading this carefully constructed and eloquently written book, Dawkins' choice of atheism emerges as the most irrational of the available choices about God's existence."

FRANCIS COLLINS, DIRECTOR OF THE HUMAN GENOME PROJECT

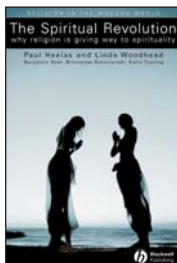

This is the first book-length response to Richard Dawkins, author of some of the most popular scientific works, such as *The Selfish Gene* and *The Blind Watchmaker*.

Dawkins has become perhaps the world's best-known atheist, noted for his hostile and controversial views on religion. This wonderfully argued book explains and examines Dawkins' scientific ideas and their religious implications. Head-to-head, it takes on some of Dawkins' central assumptions, including the conflict between science and religion, the "selfish gene" theory of evolution, and the role of science in explaining the world, and brilliantly exposes their unsustainability.

Alister McGrath is uniquely qualified to write this book. He is a world-renowned theologian who also has a doctorate in molecular biophysics. He is acclaimed as a highly lucid writer, vastly experienced in explaining difficult ideas to lay audiences.

The Spiritual Revolution

Why Religion is Giving Way to Spirituality

PAUL HEELAS & LINDA WOODHEAD

BENJAMIN SEEL, BRONISLAW SZERSZYNSKI & KARIN TUSTING

All University of Lancaster

This lively and highly accessible book presents a fascinating picture of belief in the western world. Drawing on an in-depth locality study of religion and spirituality in the English town of Kendal, Cumbria, this book addresses the most pressing question in the study of religion today: are new forms of spirituality overtaking traditional forms of religion, particularly Christianity?

By combining pioneering findings from Kendal with existing evidence from the USA and Europe, this book shows that there is a good deal to support the claim that a spiritual revolution is well underway in the UK and arguably even further advanced in the USA. In explaining this development, the volume offers a new theoretical approach to the study of contemporary religion which can help make sense of both secularization and sacralization, and which leads to some startling predictions about the future of religion and spirituality in the west.

SERIES: RELIGION AND SPIRITUALITY IN THE MODERN WORLD
SERIES EDITORS: PAUL HEELAS, LINDA WOODHEAD & DAVID MARTIN
240 PAGES / 1-4051-1958-6 HB / 1-4051-1959-4 PB / OCTOBER 2004

The Sacred Desert

Religion, Literature, Art, and Culture

DAVID JASPER

University of Glasgow

"David Jasper has written a magnificent theological reflection on the depth of spiritual meaning sought and found by desert pilgrims in literature, art, film, history, and sacred scripture. A tour de force!"

DAVID KLEMM, UNIVERSITY OF IOWA

THE SACRED DESERT is a fascinating and original work, which engages with figures as diverse as Jesus, the early Christian Desert Fathers, William Blake, T.E. Lawrence, T.S. Eliot, Georgia O'Keeffe, Wim Wenders, Bill Viola, and Jim Crace.

Underlying these interdisciplinary wanderings in the wasteland is the author's quest for a new form of religious thought and language. Lively and lucid, this outstanding work stretches from the Bible - perhaps still the greatest of desert texts - through to contemporary experiences of the desert. It is truly an original work of theology, and a captivating journey through the history of religion.

BLACKWELL BRIEF HISTORIES OF RELIGION SERIES

These lively books offer brief and accessible accounts of key topics that have had a profound affect on religious and cultural life.

NEW

A Brief History of Saints

LAWRENCE S. CUNNINGHAM

University of Notre Dame

A BRIEF HISTORY OF SAINTS follows the rise of the cult of saints in Christianity from its origin in the age of the martyrs down to the present day. Referring to both well-known saints such as Joan of Arc and lesser-known figures like the "holy fools" in the Orthodox tradition, the book ranges over subjects as diverse as the history of canonization processes, the Reformation critique of the cult of saints, and the role of saints in other religious traditions.

While special attention is paid to the Western tradition, Eastern Christianity is also considered. The final chapters outline how the saints may serve as a theological resource as well as discussing the relevance of sainthood in postmodern culture. This accessible book also contains additional material on patron saints and the iconography of saints in art.

176 PAGES / 1-4051-1401-0 HB / 1-4051-1402-9 PB / NOVEMBER 2004

NEW

A Brief History of Death

DOUGLAS DAVIES

University of Durham

Death is a subject of enduring interest in every culture in the world. The act of death itself and the rituals surrounding it vary enormously and shed a fascinating light on the cultures of which they are a part.

Douglas Davies, internationally acknowledged as one of the leading experts in this field, tackles some of the most significant aspects of death - the act of dying, grieving, burial, artistic interpretations of death, places of memory, the fear of death, and disasters/tragedies - and weaves them into a compelling story about our changing attitudes to dying.

208 PAGES / 10 LINE ILLUSTRATIONS / 1-4051-0182-2 HB / 1-4051-0183-0 PB / NOVEMBER 2004

A Brief History of Heaven

ALISTER E. McGRATH

University of Oxford

"Using the rich visual imagery of heaven, McGrath has created a fascinating kaleidoscope for viewing the evolution of Christian worship."

PUBLISHERS WEEKLY

Bringing together literature, theology, politics, and the arts, Alister McGrath, one of today's best-known Christian writers, traces the remarkable influence that the idea of heaven has had - and continues to have - on western culture.

216 PAGES / 8 HALFTONES / 0-631-23353-9 HB / 0-631-23354-7 PB / JANUARY 2003

A Brief History of Heresy

G. R. EVANS

University of Cambridge

"A clear and elegant book."

THE GUARDIAN

This short and accessible book introduces readers to the problems of heresy, schism and dissidence over the last two millennia. The heresies under discussion range from Gnosticism, influential in the early Christian period, right through to modern sects. Engagingly written, **A BRIEF HISTORY OF HERESY** is enlivened throughout with fascinating examples of individuals and movements.

216 PAGES / 6 HALFTONES / 0-631-23525-6 HB / 0-631-23526-4 PB / JANUARY 2003

NEW

When Faiths Collide

MARTIN E. MARTY

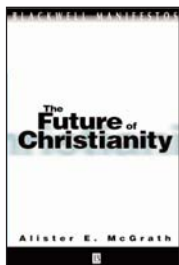

University of Chicago Divinity School

Collisions of faiths are among the most threatening conflicts around the world at the beginning of the twenty-first century. In the face of these conflicts, this manifesto is a call to embrace religious pluralism.

Tackling fears of religious pluralism, Martin Marty demonstrates that citizens, religions and identities can in fact survive in radically pluralist settings. The book deals with conflicts that affect or occur within those nations whose polities can be called republican, open, democratic, liberal, or free, particularly in the UK, the US, and Western Europe.

Martin Marty is a renowned commentator on religious matters. He has written over 50 books, has won the National Book Award amongst numerous other honors, and has received 74 honorary doctorates.

Teaching Theology and Religion

Edited by:

CHARLES R. FOSTER &
LUCINDA A. HUFFAKER

Good teaching and learning are essential for the vitality

and effectiveness of departments and institutions of higher education engaged in the study of religion and theology. **TEACHING THEOLOGY AND RELIGION** sustains a new international discourse among faculty members about teaching and learning in the several sub-disciplines in the study of religion. The level of discourse and the quality of the journal are establishing teaching and learning as an equal partner in scholarly publication.

NEW

The Blackwell Companion to Religious Ethics

Edited by **WILLIAM SCHWEIKER**

University of Chicago

THE BLACKWELL COMPANION TO RELIGIOUS ETHICS is a rich resource for understanding the moral teachings and practices of the world's religions.

- ⊙ Includes detailed discussions of issues in moral theory
- ⊙ Offers extensive treatment of the world's major religious traditions, including Judaism, Christianity, Islam, Buddhism, Hinduism, Chinese religions and African religions
- ⊙ Compares the ways in which the religions provide resources for addressing current moral challenges in areas such as ecology, economics, global dynamics, religious war, human rights and other topics.

Written by internationally renowned scholars, this **COMPANION** maps the moral teachings of the world's religions and also charts new directions for work in the field of religious ethics.

576 PAGES / 0-631-21634-0 HB / NOVEMBER 2004

Also see Schweiker's *Theological Ethics and Global Dynamics* on page 29

The Blackwell Companion to Contemporary Islamic Thought

Edited by **IBRAHIM ABU-RABI**

400 PAGES / 1-4051-2174-2 HB / OCTOBER 2005

NEW

The Blackwell Companion to the Study of Religion

Edited by **ROBERT A. SEGAL**

University of Lancaster

This **COMPANION** offers the most comprehensive survey to date of the study of religion. Featuring a stellar team of international contributors, and edited by one of the most widely respected scholars in the field, **THE BLACKWELL COMPANION TO THE STUDY OF RELIGION** provides a truly interdisciplinary and authoritative guide to this diverse and engaging subject.

- ⊙ Examines the main approaches to the study of religion: anthropology, economics, psychology, sociology, philosophy, theology, literature, and the arts
- ⊙ Also covers a diverse range of topical issues, such as the body, fundamentalism, magic, and new religious movements
- ⊙ Consists of 25 essays written by an outstanding team of international scholars
- ⊙ Reviews within each chapter a particular subfield and its development up to the present day
- ⊙ Provides a bibliographical guide to the main literature on each subject.

The quality and the coverage ensure that this **COMPANION** will be *the* definitive reference work for students and scholars alike.

The Blackwell Companion to Christian Ethics

Edited by **STANLEY HAUERWAS & SAMUEL WELLS**

Duke University; Priest-in-Charge of St Mark's, Newnham, Cambridge

"Wonderfully worked out by the many fine scholars gathered by Hauerwas and Wells, this is a genuinely new turn in the history of Christian experience."

FERGUS KERR, BLACKFRIARS, OXFORD

THE BLACKWELL COMPANION TO CHRISTIAN ETHICS presents an innovative exposition of Christian ethics, seen through the lens of Christian worship. Editors Stanley Hauerwas and Samuel Wells challenge conventional approaches to the subject, contending that it is Christian worship that shapes the moral life of Christians.

- ⊙ Challenges conventional approaches to the subject
- ⊙ Restores a sense of the integral connection between Christian ethics and theology
- ⊙ Is co-edited by Stanley Hauerwas – one of the most influential figures in Christian ethics around the world
- ⊙ Embraces contributors from the Roman Catholic, Anglican, Methodist, Presbyterian, Mennonite and Pentecostal traditions.

The **COMPANION** is designed to be accessible to introductory students, and will have a major impact on the study of Christian ethics.

NEW

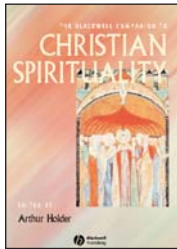

The Blackwell Companion to Eastern Christianity

Edited by **KEN PARRY**
Macquarie University

This **COMPANION** offers an unparalleled survey of the history, theology, doctrine, worship, art, culture and politics that make up the churches of Eastern Christianity. Eastern Christianity - whether Catholic or Orthodox, Chalcedonian or non-Chalcedonian - has a history as complex and fascinating as that of Western Christianity, and yet since the split between the Churches, this history has remained unknown to many people. Over the last few decades there has been a growing realization that in order to understand the history of Christianity, it is necessary to understand this history of the Eastern Church.

This **COMPANION** brings together 25 of the leading scholars in the field to discuss both the history of Eastern Christianity and its present relevance. It offers full coverage to the Byzantine traditions (Greek, Slav, Romanian, and Georgian) and the Oriental traditions (Armenian, Assyrian, Coptic, Ethiopian, Syrian, and Indian) as well as Orthodox, Catholic and Reformed communities.

512 PAGES / 0-631-23423-3 HB / NOVEMBER 2005

NEW

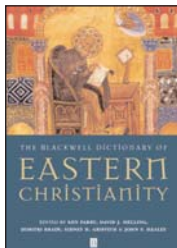

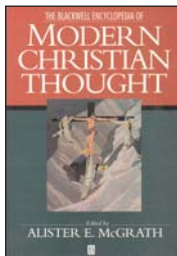

The Blackwell Companion to Christian Spirituality

Edited by **ARTHUR HOLDER**
Graduate Theological Union, Berkeley

The last two decades have seen the emergence of Christian spirituality as a distinct academic field. Existing research in the field has concentrated mainly on the historical development of various spiritual traditions within Christianity. This outstanding new **COMPANION** offers something different. Bringing together an international team of contributors, it offers a single-volume, interdisciplinary, introduction to Christian spirituality as an academic field.

Without imposing a single definition of Christian spirituality upon its readers, **THE BLACKWELL COMPANION TO CHRISTIAN SPIRITUALITY** reflects an understanding of the field as a study of the lived experience of Christian faith. Contributors approach the subject in a creative and forward-thinking style, so that readers will gain a sense of the dynamic developments in the field of Christian spirituality today.

The Blackwell Companion to the Bible and Culture

Edited by **JOHN SAWYER**

Formerly of Lancaster University

This stimulating, one-volume reference source explores twenty-first century approaches to the Bible. Drawing on interdisciplinary and international examples, the volume discusses how the Bible has impacted on all the major social contexts where it has been influential – world-wide, ancient, medieval and modern. It also offers guidance on how to read the Bible and its many interpretations.

The **COMPANION** consists of 25 articles written by distinguished specialists, each of which is accompanied by a comprehensive bibliography. Taken together, these articles emphasize the multi-faceted nature of the Bible and its impact on the world. They help to bridge the gap between specialist biblical and theological studies and other disciplines, such as literature, art, music, history, religious studies, politics, ecology and sociology.

550 PAGES / 1-4051-0136-9 HB / NOVEMBER 2005

The Blackwell Companion to Postmodern Theology

Edited by GRAHAM WARD

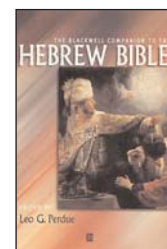

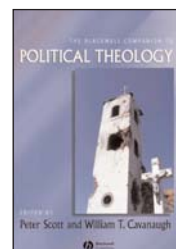

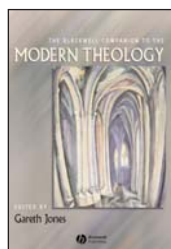

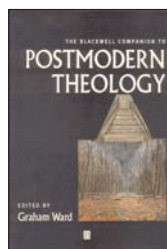

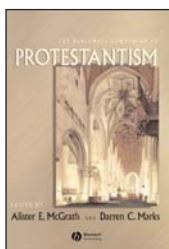

University of Manchester

"A useful and exciting volume."

ANGLICAN THEOLOGICAL REVIEW

This definitive collection of essays brings together the work of those individuals who have made a distinctive contribution to the field.

560 PAGES / 0-631-21217-5 HB / 2001
1-4051-2719-8 PB / NOVEMBER 2004

The Blackwell Companion to Modern Theology

Edited by GARETH JONES

Canterbury Christ Church University College

"My conclusion is that the book is an unqualified success and should be compulsory reading for anyone who seriously wants to understand why theology, while it may be post-modern, can never be pre-modern again."

CHURCH TIMES

In this volume, a team of the world's leading theologians provides a powerful overview of modern theology. Beginning with an outline of modern theology by the editor, including an analysis of the contemporary situation, the 32 contributions are then divided into four sections:

- ⊙ **Theology's relation to other allied disciplines and to the practice of faith**
- ⊙ **The history of theology and major themes such as the Trinity, incarnation and redemption**
- ⊙ **Key figures in modern theology**
- ⊙ **Theology's relation to contemporary issues such as sexuality, race, mysticism, ecology and science.**

The COMPANION can be used as the basis for an introductory course or as an essential reference for students throughout their studies.

608 PAGES / 0-631-20685-X HB / JANUARY 2004

The Blackwell Companion to Political Theology

Edited by PETER SCOTT & WILLIAM T. CAVANAUGH

University of Gloucestershire; University of St Thomas, St Paul, Minnesota

"Just when I was beginning to think that there are too many companion volumes in the world, I have read one that is pure delight. Political theology is a hot topic, and this book is required reading for it. It is a book of books."

STEPHEN H. WEBB, WABASH COLLEGE, INDIANA

- ⊙ **Explores the political aspects of Christian sources such as scripture and liturgy**
- ⊙ **Considers the interface of theology with political ideologies, including feminist, ecological, black and pacifist movements**
- ⊙ **Assesses the contribution of major political theologians and theological movements**
- ⊙ **Shows how theology impacts upon present-day political issues.**

576 PAGES / 0-631-22342-8 HB / SEPTEMBER 2003

NEW IN PAPERBACK

The Blackwell Companion to the Hebrew Bible

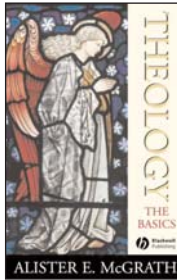

Edited by LEO G. PERDUE

Texas Christian University

"A very well-balanced introduction to the main lines of academic readings of the Hebrew Bible. Recommended for all libraries; all readership levels and groups."

Theology: The Basics

ALISTER E. McGRATH

University of Oxford

Written by one of the world's leading theologians, **THEOLOGY: THE BASICS** is designed for students taking a first short course in Christian theology or for lay Christians who wish to find out more about their faith. Accessible and lively, this introductory textbook:

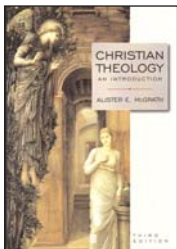

- ⑤ **Introduces readers to key theological issues, such as God, Jesus Christ, the Holy Spirit, faith, creation, salvation, atonement, religious history and heaven**
- ⑤ **Includes within each chapter an overview of one of these themes, presents relevant biblical passages, and summarizes the contribution of one major theologian**
- ⑤ **Adopts a user-friendly structure which follows the order of the Apostle's Creed**
- ⑤ **Features a concluding section which explains how readers can take their study further.**

Alister McGrath is the author of numerous popular theology textbooks, including *Christian Theology, Third Edition* and *The Christian Theology Reader, Second Edition*. Readers may wish to use this book in order to make the transition to these more challenging texts.

192 PAGES / 1-4051-1424-X HB
1-4051-1425-8 PB / APRIL 2004

More details on these textbooks can be found on the accompanying website at www.blackwellpublishing.com/mcgrath

The Christian Theology Reader

Second Edition

Edited by ALISTER E. McGRATH

University of Oxford

"Those who have found his Introduction a significant resource will undoubtedly also want to use McGrath's companion set of readings. Its great strength is the breadth of figures and topics treated."

L. GREGORY JONES, DUKE UNIVERSITY, NORTH CAROLINA
(OF THE PREVIOUS EDITION)

The new edition of this widely used collection of readings builds on the success of the first edition. It now includes more than 300 seminal readings from the entire Christian tradition, using important sources from the patristic, medieval, Reformation, and modern periods. Each reading has been selected on the basis of audience surveys and includes a detailed individual introduction, comments, and questions.

Used alone or in conjunction with **CHRISTIAN THEOLOGY: AN INTRODUCTION**, the second edition of this Reader is the essential guide to the key sources and texts available in the field.

744 PAGES / 0-631-22640-0 HB
0-631-20637-X PB / 2001

Christian Theology: An Introduction

Third Edition

ALISTER E. McGRATH

University of Oxford

"This book is an extraordinary achievement, a tour de force which will introduce thousands of students to theology as a discipline with a rich heritage, a clear sense of its own methods and norms, and an elusive yet articulate understanding of Christian language."

REVIEWS IN RELIGION AND THEOLOGY
(OF THE PREVIOUS EDITION)

Internationally acknowledged to be among the leading textbooks in Christian theology, this volume provides full coverage of the first 2,000 years of Christian theological debate, including substantial coverage of historical theology, philosophical theology, and systematic theology. It also includes an extensive glossary of theological terms, as well as an updated guide to theological resources on the Internet.

Assuming no prior knowledge of Christian theology, and avoiding any form of denominational or theological bias, the book clearly and accurately introduces the key ideas, debates, personalities, and schools of thought. This third edition has been developed in response to feedback from users. Material relating to Roman Catholic and Orthodox theology have been added, as well as additional illustrative material.

648 PAGES / 5 LINE DRAWINGS
0-631-22528-5 PB / 2001

International Journal of Systematic Theology

Edited by JOHN WEBSTER, RALPH DEL COLLE & CHRISTOPH SCHWOEBEL

Systematic theology is concerned with the constructive articulation of the meaning, coherence and implications of Christian claims. Now in its seventh year, **THE INTERNATIONAL JOURNAL OF SYSTEMATIC THEOLOGY** makes available high-calibre constructive Christian theology, publishing the best new work in the discipline, and reviewing major new works of scholarship.

THE GREAT THEOLOGIANS SERIES

Written by world-renowned scholars, this series is devoted to highlighting the major theologians of different periods.

NEW EDITION

The Modern Theologians

An Introduction to Christian Theology since 1918

Third Edition

Edited by **DAVID F. FORD** with **RACHEL MUERS**

University of Cambridge; University of Exeter

"An excellent textbook overview of the theology of our time ... comprehensive, clearly written, fair and most informative."

JOURNAL OF RELIGION (OF THE SECOND EDITION)

THE MODERN THEOLOGIANS provides a comprehensive and accessible overview of the main Christian theologies of the twentieth century. This revised third edition provides an unparalleled picture of the development of modern theology.

- ③ Each chapter is written by a leading theologian and gives a clear picture of a particular movement, topic or individual
- ③ Includes a new section singling out six classic theologians of the twentieth century
- ③ Features expanded treatment of the natural sciences, gender, Roman Catholic theology since Vatican II, and African, Asian and Evangelical theologies
- ③ Offers completely new chapters on spirituality, pastoral theology, philosophical theology, postcolonial biblical interpretation, Pentecostal theology, Islam and Christian theology, Buddhism and Christian theology, and theology and film.

As in previous editions, the text opens with a useful introduction to modern theology. The epilogue discusses the present situation and the prospects of Christian theology in the twenty-first century.

Edited by **G. R. EVANS**

University of Cambridge

THE FIRST CHRISTIAN THEOLOGIANS offers a comprehensive introduction to the theology of the early Church through an accessible and lively examination of the major individual theologians of the time.

The volume begins with the earliest Christian writings, moves through the development of the early Church, examines the rival traditions to Christianity, and explores the work of the key Christian theologians in both the West and the East, ending at the important Council of Chalcedon.

Drawing on contributions from an international team of leading academics, and edited by G. R. Evans, this volume is indispensable reading for undergraduate students who need a readable and accessible introduction to the theology and history of the early Christian church.

The Pietist Theologians

An Introduction to Theology in the Seventeenth and Eighteenth Centuries

Edited by **CARTER LINDBERG**

Boston University

Pietism is the religious-theological movement which formed a bridge between the Reformations of the sixteenth century and the Enlightenment.

This introduction to the Pietist theologians demonstrates the influence that this movement had on the religious, cultural and social life of the seventeenth and eighteenth centuries, and examines its lasting effects on modern culture and modern theology. Written by an international group of leading scholars, the book explores the transconfessional and transnational aspects of Pietism, considering the contribution of both Protestant and Catholic theologians in Puritan England, Pietist Europe and colonial America.

Each chapter focuses on a particular theologian, from Arndt to Wesley, and incorporates up-to-date research and commentary. Comprehensive yet accessible, this is the ideal introduction to the study of this core theological movement.

CHALLENGES IN CONTEMPORARY THEOLOGY SERIES

Series Editors: GARETH JONES & LEWIS AYRES

This prestigious series engages traditional theological concerns with issues in modern thought and culture.

NEW

Faith and Freedom

An Interfaith Perspective

DAVID BURRELL

University of Notre Dame

In this book, David Burrell, one of the foremost philosophical theologians in the English-speaking world, presents the culmination of his work on creation and human freedom. Drawing on his philosophical and theological insights from the last twenty years, he develops an integrated argument with far-reaching consequences for capitalist cultures.

Engaging with the Islamic, Judaic and Christian traditions, and with modern and pre-modern systems of thought, Burrell dismantles the "libertarian" approach to freedom that dominates Western politics and economics, proposing that alongside freedom of choice we need freedom of consent. The author's rigorous approach, wry humor and generous spirit are evident throughout.

296 PAGES / 1-4051-2170-X HB / 1-4051-2171-8 PB / SEPTEMBER 2004

NEW

Christ and Culture

GRAHAM WARD

University of Manchester

Graham Ward has been described as "the most visionary theologian of his generation". Over this series of ten interrelated studies of representations of Christ, drawn from sources as diverse as the New Testament and twentieth-century continental philosophy, Ward develops his own original incarnational theology.

From Ward's exploration of contemporary categories such as the body, gender, desire, politics, and the sublime, a Christology emerges that is both rooted in Scriptural exegesis and concerned with today's cultural issues; and a vision appears of the possibilities for living orientated towards the Good, the True, the Beautiful and the Just.

Keeping God's Silence

Towards a Theological Ethics of Communication

RACHEL MUERS

University of Exeter

This ground-breaking book provides a new perspective on Christian practices of silence. Rachel Muers, a significant Quaker theologian, develops a theological understanding of communication to which a "responsible silence" is central.

In doing so, Muers engages with the key issues raised for Christian theology by feminist thought, and develops an original reading of significant aspects of the theology and ethics of Dietrich Bonhoeffer. She also presents a challenge, from the perspective of Christian theology and practice, to a communicative environment dominated by wars of words. The central theological claim explored in the book is that God listens, and that God's listening is integral to who God is.

Scripture and Metaphysics

Aquinas and the Renewal of Trinitarian Theology

MATTHEW LEVERING

Ave Maria College, Michigan

"Lucidly written, thoroughly documented, an astonishing achievement."

FERGUS KERR OP, BLACKFRIARS, OXFORD & UNIVERSITY OF EDINBURGH

In this major contribution to contemporary theological and philosophical debates, Matthew Levering bridges the gap between scriptural and metaphysical approaches to the triune God. Levering's argument rests upon St. Thomas Aquinas's understanding of theology as contemplative wisdom. Taking us through Aquinas's theology of God as One and Three, he demonstrates that Trinitarian theology should be a spiritual exercise assisting our movement from self- to God-centeredness.

Alien Sex

The Body and Desire in Cinema and Theology

GERARD LOUGHLIN

University of Newcastle upon Tyne

"Absolutely brilliant."

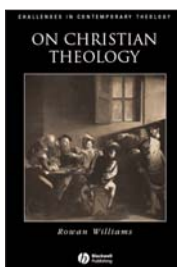

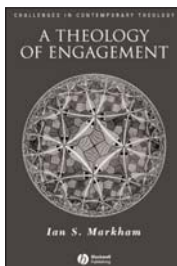

STANLEY HAUERWAS, DUKE UNIVERSITY

Gerard Loughlin is one of the leading theologians working at the interface between religion and contemporary culture. In this exceptional work, he uses cinema and films to think about the church and the visions of desire it displays.

ALIEN SEX explores the Christian tradition of "sacred eroticism" from Gregory of Nyssa to Hans Urs von Balthasar. Through a close reading of such films as *The Devils*, *Breaking the Waves* and Derek Jarman's *The Garden*, Loughlin shows how Christianity calls us to view sexuality from the perspective of heaven, not in order to escape the body but to encounter it more intensely.

The Trinity Reader

Edited by LEWIS AYRES

Emory University

This book is the most comprehensive collection of readings on the Trinity currently available. The focus of the collection is on facilitating an understanding of Trinitarian theology and its direction in the modern period. The nature of Trinitarian theology as it emerged in early and medieval Christian thought is contrasted with the assumptions, directions and methods of Trinitarian theology since the early twentieth century. The **READER** also provides material from the time between the Reformation and the end of the nineteenth century, creating new avenues for the exploration of this period. Each reading is prefaced by a clear and extensive editorial introduction explaining its significance.

Christology

Classical and Modern Readings

Edited by BRUCE MARSHALL

Southern Methodist University

This **READER** brings together in one volume both classic and contemporary work on the nature of Christology. The book captures the astonishing diversity in modern views of Christ, while at the same time making plain what the underlying issues are in the whole Christological debate.

Accessibly structured, the volume includes a substantial introduction by the editor, which provides a conceptual framework for the readings. It concludes with a considerable set of readings from across the spectrum of modern Christology, including a number of selections from contemporary constructive theologians.

Understanding Theology and Popular Culture

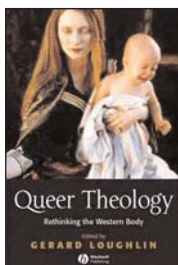

GORDON LYNCH

University of Birmingham

UNDERSTANDING THEOLOGY AND POPULAR CULTURE is one of the first books to give students a complete overview of the key issues and methods in this field of study. It provides a clear introduction to key theories and debates for those new to the subject, as well as developing a useful discussion for more advanced researchers.

Drawing on original case studies ranging from Eminem to *The Simpsons*, the text examines the nature and role of popular culture, and presents a reasoned argument about the distinctive contribution that theology can make to popular culture studies.

The Blackwell Guide to Theology of Popular Culture

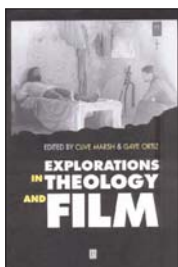

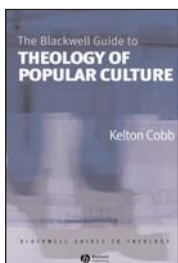

KELTON COBB

Hartford Seminary

This is a timely examination of the rapidly expanding field of theology and popular culture. It shows how the theological analysis of popular culture is undertaken, discusses the writers who are doing it, and outlines various general theories of popular culture.

Using illustrations from the pop culture scene, ranging from the fiction of Nick Hornby and Chuck Palahniuk to novels about God, Disney fairytales, and the macabre television series *Six Feet Under*, the **GUIDE** identifies and discusses religious themes in popular culture. Using a template borrowed from traditional systematic theology, the author probes popular movies, novels, music, architectural design, television shows and advertising for what they are saying about God, human nature, sin, salvation, and final redemption. An appendix provides lists of films, novels, television series, consumer products, architectural works, cultural events, and corporate icons that lend themselves to theological analysis.

Queer Theology

Rethinking the Western Body

Edited by GERARD LOUGHLIN

University of Newcastle upon Tyne

Theology is a queer thing, out of line with the modern world. It speaks of God to people "come of age", freed from their divine tutelage and doing just fine. But theology – when it listens to God – unsettles such complacency, for it speaks of a world that is to come, and is even now arriving, disturbing our certainties. Queer theology unsettles complacency – both religious and secular – about our bodies and their desiring. By divinizing desire, it radicalizes "queer theory" and its deconstruction of sexual and gender identities, the fundamental categories by which western bodies are known. Queer theology invokes a complex social space in which transcendent eros frees us from the fear of our differences.

In this remarkable collection of specially commissioned essays, some of the brightest and best of Anglo-American scholars, established and up-coming – and from a variety of academic and religious backgrounds – show us how western bodies and their desires are queerer than often thought, the mobile products of ever changing discourses and regimes of power; the threat and promise of what is yet to come.

Explorations in Theology and Film

An Introduction

Edited by CLIVE MARSH & GAYE ORITZ

Both University College of Ripon and York St. John

Bringing together theologians, biblical scholars, film and media specialists, and experts in language and literature, this book considers the contribution of film to contemporary Christian theological discussion. The main focus of the book is on the creative conversation between film and theology in the contemporary West, and it raises crucial questions about the interaction between theology and culture.

Aquinas in Dialogue

Thomas for the Twenty-first Century

Edited by **JIM FODOR & FREDERICK CHRISTIAN BAUERSCHMIDT**

St Bonaventure University; Loyola College

AQUINAS IN DIALOGUE explores Aquinas's relevance to contemporary theology. The volume comprises a series of essays written by both scholars of Aquinas and by those who are actively involved in ecumenical and inter-religious dialogue.

These essays demonstrate how Aquinas continues to illuminate dialogue among Christians and between Christians and non-Christians. They cover a wide range of subjects from Aquinas and Eastern Orthodoxy to Aquinas and atheism, and help us to think rigorously about what is required to speak truthfully to people with different beliefs.

200 PAGES / 1-4051-1931-4 PB / JUNE 2004

Re-thinking Gregory of Nyssa

Edited by **SARAH COAKLEY**

Harvard Divinity School

The thought of Gregory of Nyssa, the youngest of the fourth-century "Cappadocian" Fathers, is currently at the centre of a number of important theological debates.

This collection of specially commissioned essays calls the long-accepted interpretation of Gregory's trinitarianism into radical question, and simultaneously urges a reading of his "pedagogy of desire" that will cause a major reconsideration of his methods of trinitarian exposition. The implications for renewed ecumenical dialogue between east and west are also considered.

Theology and Eschatology at the Turn of the Millennium

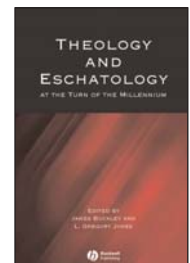

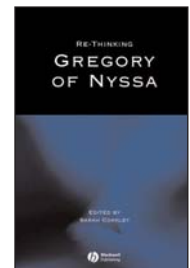

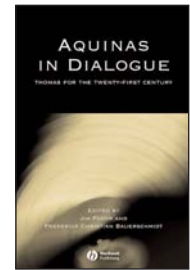

Edited by **JAMES J. BUCKLEY & L. GREGORY JONES**

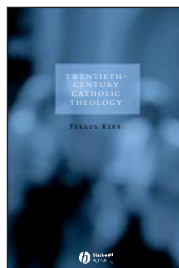

Loyola College, Maryland; Duke University, North Carolina

Re-readings of medieval millenarian movements, competing modern and post-modern utopias and futurologies as well as ideologies of despair and violence - all of these have a claim on modern theology's eschatology, but in different and competing ways. This volume brings together students of Scripture, the history of Christianity, and various contemporary theologies to consider the ways diverse and often conflicting eschatological narratives, images and beliefs might bear on the new millennium.

Twentieth-century Catholic Theology

From Chenu to John Paul II

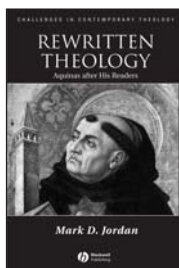

FERGUS KERR

Blackfriars, Oxford and University of Edinburgh

This book reports on the lives and works of the most influential Catholic theologians of the twentieth century, including: Chenu, the guru of the French worker priest movement; Congar who was imprisoned in Colditz; de Lubac who spent much time on the run from the Gestapo; Küng who was banned from teaching for decades despite being the most widely read Catholic theologian of modern times; and the controversial prelate, John Paul II.

Author Fergus Kerr, one of the foremost Roman Catholic theologians currently writing in English, discusses the theological development of each figure and their relationship to Church teaching. He highlights how each one contributed to the reform and renewal of the Church at the Second Vatican Council, and discloses the different ways in which they looked back on Vatican II. This stimulating book reflects on Catholic theology today, considering the revival of interest in Aquinas, liberation theology, Catholic feminist theology, and recent Anglo-American work.

Rewritten Theology

Aquinas after His Readers

MARK D. JORDAN

Emory University

Recent years have seen numerous appropriations of Thomas Aquinas's work by a range of theologians, from liberal Catholics to the creators of radical orthodoxy. Responding to this upsurge of interest, this book goes straight to the heart of the contemporary debates about Thomism.

Author Mark Jordan focuses on the concept of authority, both in terms of Aquinas's own attitude to authority and how the Church authorities have used Aquinas to shore up their own position. He shows how to read Aquinas from, into and against theological authorities, and argues for future readings of Thomas which are substantially different from those which have gone before.

BLACKWELL BIBLE COMMENTARIES SERIES

Series Editors: JOHN SAWYER,
JUDITH KOVACS & CHRISTOPHER ROWLAND

The **BLACKWELL BIBLE COMMENTARIES** offer a genuinely new approach in their focus on the way the Bible has been used and interpreted through the ages. These are the first commentaries to place an emphasis on the Bible in literature, music, and art; the Bible in history and politics; and the Bible in theology and religion.

The volumes explore the neglected reception history of the Bible, since what people believe a sacred text like the Bible means is often as interesting and historically important – theologically, politically, morally and aesthetically – as what it originally meant.

More information about the Blackwell Bible Commentaries series is available from their website at www.bbibcomm.net

Revelation

The Apocalypse to Jesus Christ

**JUDITH KOVACS &
CHRISTOPHER ROWLAND**

University of Virginia; Queen's College, Oxford

"An eye-opening book that will dramatically change how readers understand the last book of the Bible and its role in Western history. This is a rich and fascinating work."

BERNARD MCGINN, UNIVERSITY OF CHICAGO

This ground-breaking commentary reveals the far-reaching influence of the Apocalypse on society and culture, and the impact it has had on the Christian Church through the ages. Approaching the Apocalypse chapter by chapter, the authors consider its effects, not only on theologians from Origen and Augustine to late twentieth-century theologians of liberation, but also on writers, artists, musicians, political figures, visionaries and others.

Exodus

SCOTT LANGSTON

Southwest Baptist University

This bible commentary focuses on Exodus, one of the key books in the Old Testament, which features such vivid stories as the plague on Egypt, the parting of the Red Sea, the burning bush, and the giving of the Ten Commandments.

The commentary considers the ways in which Exodus has influenced and has been influenced by history, religion, politics, the arts and other forms of culture in Jewish, Christian and secular settings. The author traces the book's various uses throughout the centuries, from Old Testament times, through the Patristic and Reformation periods, to the present day. He pays particular attention to how Exodus has served as a tool of liberation and tyranny, and how it has helped to shape collective and personal identity.

Judges

DAVID M. GUNN

Texas Christian University

This bible commentary focuses on *The Book of Judges*, a fascinating biblical text, full of rich and colorful stories of which the best known is Samson and Delilah. It treats the text story by story, making it accessible to non-specialists. Predominant are women's stories, which have both offended and inspired readers for centuries, including the stories of Deborah; Jael, who slew Sisera; and Jephthah's daughter, sacrificed by her father.

The commentary traces the reception of *Judges* through the ages, not only by scholars and theologians, but also by preachers, teachers, politicians, poets, essayists and artists. It shows how ideology and the social location of readers have shaped the way the book has been read, disclosing a long history of debate over the roles of women and the use of force, as well as Christian prejudice against Jews and "Orientals". In this way, it offers a window onto the wider use of the Bible in the Western world.

The Major Religions

An Introduction with Texts
Second Edition

T. PATRICK BURKE
Temple University

"Professor Burke and his editors have produced what comes close to the ideal college textbook. Its exciting arrangement will have students eager to turn to their religion assignment."

JAMES E. BIECHLER, LA SALLE UNIVERSITY, PHILADELPHIA

This popular introduction to the world's religions provides a comprehensive survey of the major religious traditions together with selected primary readings. The text focuses on the beliefs and values that animate each religion, helping students to understand what makes them meaningful to their followers.

For the second edition, the text has been fully revised and now features:

- Updated material throughout, building on the success of the first edition
- A complete new chapter on Sikhism, including selected supporting texts
- Additional material on each religion's ethics and their encounter with the modern world
- Improved visual design, with extensive student aids including revised maps, timeline and charts
- Chapter-by-chapter discussion and test questions, summaries, and suggestions for further reading.

Assuming no prior knowledge, **THE MAJOR RELIGIONS** is the ideal introduction for students who are approaching the subject for the first time. The second edition is supported by a website at www.blackwellpublishing.com/burke featuring additional resources for lecturers and students.

Hinduism and Modernity

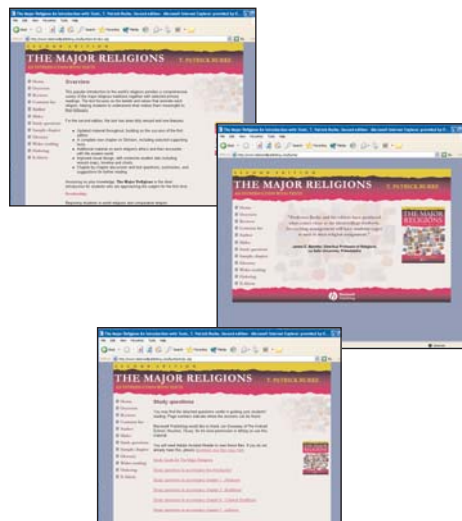

DAVID SMITH
Lancaster University

"It is an excellent survey of the history of the Western encounters with India and Hinduism, highlighting in the process the inevitable misunderstandings that resulted, some of which still persist in popular portrayals of the religion."

CHOICE

This innovative book offers a dynamic analysis of Hinduism in the perspective of Western notions of modernity. The scope of the book is extremely broad, covering topics such as Orientalism, women, goddesses, gods, and the central problem of contemporary Hinduism - the rise of Hindu nationalism.

NEW IN PAPERBACK

The Blackwell Companion to Hinduism

Edited by **GAVIN FLOOD**
University of Stirling

"This collection offers a new way to parse the multiple entryways into the vast arena of Hinduism. Using the general divisional categories of theoretical issues, text and tradition, systematic thought, and society, politics and nation, Flood has achieved significant breadth in disciplines, subjects and historical perspectives."

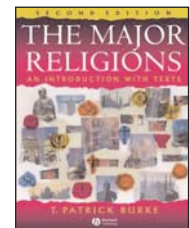

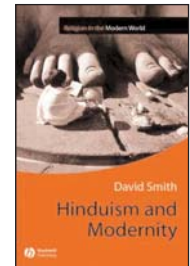

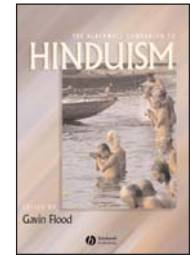

CHOICE

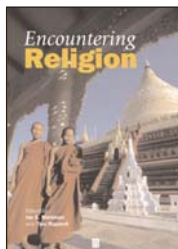

This volume presents the most recent scholarly thinking about Hinduism in an accessible way. It provides a forum for the best scholars in the world to make their views and research available to a wider audience.

While comprehensively covering the textual traditions of Hinduism, the volume also includes material on Hindu folk religions and stresses the importance of region in analyzing Hinduism. In doing so, it reflects the current move away from essentialist understandings of Hinduism and towards traditionally and regionally specific studies.

Encountering Religion

An Introduction to the Religions of the World

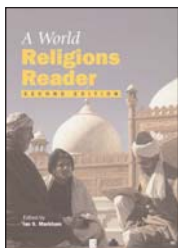

Edited by **IAN S. MARKHAM & TINU RUPARELL**

Hartford Seminary; Liverpool Hope University College

This comprehensive, user-friendly textbook introduces students to the principal world faiths, and enables cross-religious comparison. Each chapter includes a substantial historical survey so the student understands the origins of the beliefs, rituals, and ethics which are then described.

Teachers will also welcome the inclusion of classroom exercises, a full glossary, annotated bibliography, fact sheets, revision questions and comparative questions. A helpful introduction looks at ways the teacher can use the book in the classroom and explains its structure and purpose.

The Black Church in America

African American Christian Spirituality

MICHAEL BATTLE

Duke University

"I am, because we are; and since we are, therefore I am," said Archbishop Desmond Tutu. This strong sense of community, argues author Michael Battle, is central to African American Christian spirituality. Exploring the history of the Black Church in America, its African roots, its beliefs, practices, politics, and moral dilemmas, he gives readers a broad understanding of African American Christian spirituality and a sense of its uniqueness in the wider world.

Michael Battle is a priest in the Episcopal Church and teaches spirituality and Black Church studies at Duke University. He has previously worked as an inner-city chaplain with Tony Campolo Ministries, in Uganda and Kenya with Plowshares Institute, and was ordained in Cape Town, South Africa. He therefore has a strong affinity with the many forms of African American Christian spirituality.

A Brief History of Islam

TAMARA SONN

The College of William and Mary, Williamsburg

"Professor Tamara Sonn deserves the gratitude of all those who wish to understand the post-September 11 world in which we find ourselves. In a masterly fashion and with admirable brevity she has presented us with an indispensable guide to understanding Islam in the twenty-first century."

AKBAR S. AHMED, AMERICAN UNIVERSITY,
WASHINGTON

Written by a leading figure in Islamic studies, this brief but absorbing volume offers a lively history of Islam, using representative events, characters, and movements to highlight the key issues and involve the reader.

The book divides Islamic history into four periods starting with the life of Muhammad and the birth of Islamic ideals, through Islam's phenomenal geographical expansion and cultural development, right up to the creation of modern states and the current situation in Islamic societies. It concludes with vignettes of Islamic life that represent current challenges facing Islamic societies.

A New Introduction to Islam

DANIEL BROWN

Independent Scholar

"This excellent undergraduate textbook presents a thorough history of the Islamic faith."

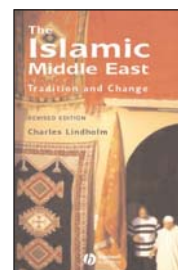

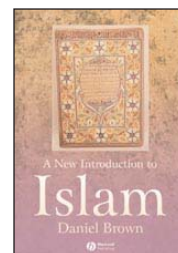

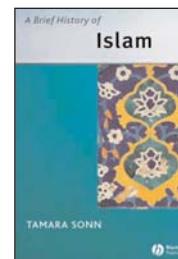

THE BOOKSELLER

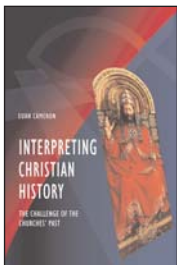

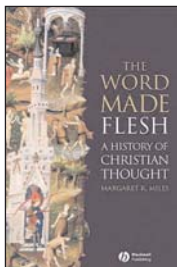

A NEW INTRODUCTION TO ISLAM offers students a fresh account of the origins, major features and lasting impact of the Islamic tradition.

- ⑤ **Introduces students to the history and development of Islamic studies as a discipline, showing how it has shaped our understanding of Islam**
- ⑤ **Examines how the vibrant religious culture of the Near East produced a unique and brilliant intellectual and religious tradition spanning the fields of Islamic law, theology, philosophy and mysticism**
- ⑤ **Surveys the ways in which Islamic tradition has enriched the world and in turn been enriched by interaction with other civilizations, from the Mongols to the modern West**
- ⑤ **Considers the opportunities and challenges facing Muslims today.**

Useful student features include detailed chronologies and tables summarizing key information, as well as maps and diagrams. The text provides the ideal introduction to the fascinating practice, history and beliefs of Islamic tradition.

The Word Made Flesh

A History of Christian Thought

MARGARET R. MILES

Graduate Theological Union, Berkeley

This outstanding textbook offers an original history of Christian thought, asking what it has meant over the centuries to participate in the religion of the Word made flesh.

Key features of the volume include:

- Ⓢ Traces Christian ideas, conversations, experiences and practices from the first century through to the dawn of modernity at the end of the eighteenth century
- Ⓢ Presents an inclusive history, considering the critical roles of women and religious "others" - dissenting Christians, Jews and Muslims - in shaping Christian thought
- Ⓢ Demonstrates the importance of liturgical and devotional exercises to developing Christian practice
- Ⓢ Treats words, images, music and architecture all as primary evidence in reconstructing past experiences of Christianity.

An accompanying CD-ROM contains over one hundred visuals to support the theories and examples discussed throughout the volume. This superb resource will be essential for all those wanting an inclusive, accessible, and stimulating introduction to the history of Christianity.

Interpreting Christian History

The Challenge of the Churches' Past

EUAN CAMERON

Union Theological Seminary, New York

For 2,000 years the Christian churches have developed, disagreed with each other, and divided into separate and often hostile factions. Written by a distinguished Church historian, this book explores the theological lessons to be learnt from this difficult history.

The author identifies a recurring tendency to reduce Christian life to one specific means to holiness, such as ascetic discipline, martyrdom, or the cult of the Eucharist; he looks at how historians of Christianity came to terms with the idea that the Church could change, and could err; and he shows how historical perspective has played a key role in many of the most important theologies of the past 100 years. The book concludes that Christianity is never timeless, and that we can only ever perceive a facet of it, conditioned as we are by our own historical and cultural context.

The Intellectual Origins of the European Reformation

Second Edition

ALISTER E. McGRATH

University of Oxford

It is widely recognized that the sixteenth-century Reformation remains one of the most fascinating and exciting areas of scholarship. A central and important question, raised by intensive modern research on the Renaissance and late medieval scholasticism, concerns the intellectual origins of the Reformation.

This updated and expanded version of the original, highly-acclaimed edition of 1987 explores the complex intellectual roots of the Reformation, offering a sustained engagement with the ideas of humanism and scholasticism. McGrath demonstrates how the intellectual origins of the Reformation were heterogeneous, and draws out the implications of this finding for our understanding of the Reformation as a whole.

A Companion to the Reformation World

Edited by R. PO-CHIA HSIA

Pennsylvania State University

This volume brings together 29 new essays by leading international scholars, to provide an inclusive overview of recent work in Reformation history. The articles examine the Reformation in its broadest definition, presenting the Catholic Renewal as a continuum of the Protestant Reformation. The essays span the late fifteenth century to the middle of the eighteenth century and they focus on the workings of religious reform in all areas of Latin Christendom and beyond to include Eastern as well as Western Europe, Asia and the Americas.

Established topics are examined alongside new areas of study, incorporating the latest scholarship and conceptual debates to provide a wide-ranging survey of the state of contemporary Reformation historiography.

Ancient Greek Religion

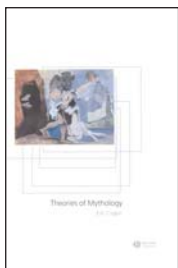

JON D. MIKALSON

University of Virginia

ANCIENT GREEK RELIGION provides an introduction to the fundamental beliefs and practices and the major deities of Ancient Greek religion. While the focus is on Athens in the classical period, the book includes detailed discussion of Greek gods and heroes, myth and cult, from the archaic age to the Hellenistic world.

The book examines views of the gods and the afterlife, the relationship between cult and myth, the nature of piety and impiety, and the wider social and political context in which religion functioned.

Nature, Technology and the Sacred

BRONISLAW SZERSZYNSKI

Lancaster University

"This book will stand for many years to come as the authoritative treatment of a topic which in turn stands at the very centre of the entire ecological debate."

JOHN MILBANK, UNIVERSITY OF NOTTINGHAM

This provocative and timely book argues that contemporary ideas and practices concerning nature and technology remain closely bound up with religious ways of thinking and acting. Examples from North America, Europe and elsewhere, many derived from original research, are used to show how contemporary practices of environmental politics, technological risk behaviour, alternative medicine, vegetarianism and ethical consumption take on new significance as sites of struggle between different sacral orderings.

Questions of Faith

A Skeptical Affirmation of Christianity

PETER BERGER

Boston University

"This book gives us the mature reflection of a really major contributor to issues of faith in our contemporary situation. Once again his is a voice that has to be attended to."

DAVID MARTIN, LONDON SCHOOL OF ECONOMICS

Does God exist? What was so special about Jesus? How can one be Christian in a pluralistic society? These are among the fundamental questions addressed by leading religious and cultural commentator, Peter Berger, in this engaging exploration of faith in modern times. The book is structured around key phrases from the Apostles Creed, which the author uses to explore the basics of Christian belief. Drawing on both the Christian theological tradition and the work of other relevant thinkers from Freud through to Simone Weil, he negotiates between traditional and modern, liberal and orthodox views.

Throughout the book, Berger takes the position of an open-minded skeptic, not bound by any traditional authority, be it church, scripture, or personal experience. At the same time he explores his own beliefs, indicating why, in the end, he does have faith.

Cults and New Religious Movements

A Reader

Second Edition

Edited by LORNE L. DAWSON

University of Waterloo

"This is a superb collection which is indispensable for any course on alternative religions. The volume really represents some sort of a milestone and its publication may indicate that the scholarly study of NRMs has 'arrived'."

NOVA RELIGIO

What is a cult? Why do they emerge? Who joins them? And why do tragedies such as Waco and Jonestown occur? This reader brings together the voices of historians, sociologists, and psychologists of religion to address these key questions about new religious movements.

- ☉ Looks at theoretical explanations for cults, why people join, and what happens when they do
- ☉ Brings together the best work on cults by sociologists, historians, and psychologists of religion
- ☉ Offers a broad-ranging, balanced and clearly organized collection of readings
- ☉ Includes coverage of topical issues, such as the 'brainwashing' controversy, and cults in cyberspace.

Useful section introductions by the editor situate the nature, value, and relevance of the selected readings in the context of current discussions.

The Anthropology of Religion

An Introduction
Second Edition

FIONA BOWIE
University of Bristol

"A welcome and comprehensive textbook."

CULTURE & RELIGION (OF THE PREVIOUS EDITION)

This bestselling introduction to the anthropology of religion is now available in a fully revised new edition. Along with comprehensive updating, it now features a new chapter on mythology, as well as coverage of topics such as pilgrimage, spirit possession and cargo cults.

- ⑨ **Illustrates central theoretical ideas with specific case studies**
- ⑨ **Features self-contained chapters, each with its own comprehensive bibliography, so that they can be approached in any order**
- ⑨ **Links the work of nineteenth- and early twentieth-century scholars with contemporary ideas and practices**
- ⑨ **Lists ethnographic films and videos that illustrate particular issues.**

This accessible textbook will inspire students to explore the field further and encourage them to see that anthropology is not just about reading or doing fieldwork, but offers an enriching way of looking at world.

Death, Mourning, and Burial

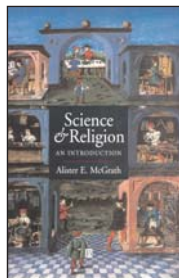

A Cross-Cultural Reader

Edited by **ANTONIUS C.G.M. ROBBEN**
Utrecht University

In this indispensable introduction to the anthropology of death, readers will find a rich selection of some of the finest ethnographic work on this topic. This collection offers cross-cultural readings that span the period from dying to afterlife, approach this transition as a social process, and demonstrate the great variation of cultural responses to death.

The Rhetoric of RHETORIC

The Quest for Effective Communication

WAYNE BOOTH

University of Chicago

THE RHETORIC OF RHETORIC is a manifesto addressed to a broad audience, dramatizing the importance of rhetorical studies and lamenting their widespread neglect. Distinguished critic Wayne Booth claims that communication in every corner of life can be improved if only we study rhetoric more closely.

Booth explores the consequences of bad rhetoric in education, in politics, and in the media. A final chapter investigates the possibility of reducing harmful conflict by practising a rhetoric that depends on deep listening by both sides. The key example used is the warfare between science and religion.

Theological Ethics and Global Dynamics

In the Time of Many Worlds

WILLIAM SCHWEIKER

University of Chicago

"A remarkable book - clearly written, intellectually charged, and experientially true."

LISA CAHILL, BOSTON COLLEGE

"This book, by one of the leading North American ethicists, gives us strong arguments for the orienting power of a theological humanism in a pluralistic world. Schweiker demonstrates how theological ethics can shed light on different realms of life in our complex world in order to rise to the challenge of current global dynamics."

MICHAEL WELKER, RUPRECHT-KARLS-UNIVERSITÄT HEIDELBERG

The nature of ethics has been the subject of much controversy and argument in recent decades. **THEOLOGICAL ETHICS AND GLOBAL DYNAMICS** tackles these various debates, offering a wide-ranging, comprehensive, and provocative statement of the nature of theological ethics in global times.

- 🕒 **Tackles various perspectives on debates about distinctly Christian ethics**
- 🕒 **Argues that we need to reframe the arena in which moral questions are asked**
- 🕒 **Draws on a wealth of materials, ranging from biblical texts and classical myths, to literary works, and contemporary film**
- 🕒 **Explores distinctively modern issues such as moral and cultural relativism, globalization, problems of consumption and violence, and religious pluralism.**

In this book, Schweiker addresses the complexity of certain ethical decisions, which are difficult and far from clear-cut, and yet presents an ethical understanding which is both humane and deeply religious.

Morality Matters

ROGER TRIGG

University of Warwick

- 🕒 **Does morality still matter in the western world today?**
- 🕒 **What is the basis of claims to human rights?**
- 🕒 **How are local loyalties - to family or nation - to be reconciled with our global responsibilities?**
- 🕒 **Are there limits on the rights of groups?**
- 🕒 **Does law need a moral basis?**

In this timely book, Roger Trigg examines and defends the role of morality in our social and political lives. Rather than limiting the scope of morality to private choices, Trigg argues that we need to acknowledge the moral foundations of our political way of life in the West, in order that we are better able to live and flourish nationally and internationally.

The Moral of the Story

An Anthology of Ethics through Literature

Edited by **PETER SINGER & RENATA SINGER**

Princeton University; Independent Scholar

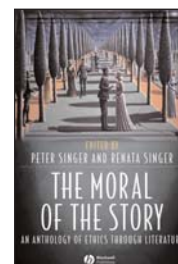

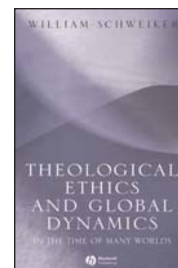

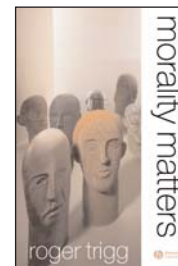

In **THE MORAL OF THE STORY**, Peter and Renata Singer draw on some of the best works of fiction, playwriting, and poetry in order to shed light on the perennial questions of ethics.

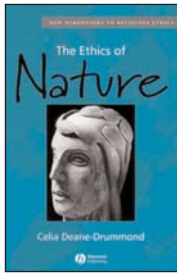

Featuring over 70 texts, this colorful collection includes excerpts from:

- 🕒 **Jane Austen's *Pride and Prejudice* on love, marriage and sex**
- 🕒 **Charles Dickens's *Bleak House* on the duties of parents to their children**
- 🕒 **Nick Hornby's *How to be Good* on what we owe to others**
- 🕒 **Mary Shelley's *Frankenstein* on new life forms**
- 🕒 **Harper Lee's *To Kill a Mockingbird* on rules, rights and duties**
- 🕒 **Aldous Huxley's *Brave New World* on ultimate values.**

In their commentary, the editors indicate the main ethical issues raised by each text, and link these to important philosophical discussions.

NEW DIMENSIONS TO RELIGIOUS ETHICS SERIES

Series Editors: SUSAN F. PARSONS & FRANK G. KIRKPATRICK

Offering high quality materials for use in the study of ethics at undergraduate or seminary level, this series engages in the interdisciplinary debate about significant moral questions, using a distinctive theological voice.

The Ethics of Nature

CELIA E. DEANE-DRUMMOND

University College Chester

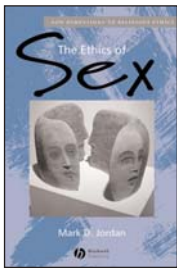

"Celia Deane-Drummond has a growing reputation in the field, which will be considerably enhanced by this clearly written, accessible and well documented, if demanding, textbook."

CHURCH TIMES

THE ETHICS OF NATURE explores humanity's treatment of the natural world from a Christian perspective. The book presents a range of ethical debates arising from our relationship with nature, including current controversies about the environment, animal rights, biotechnology, consciousness, and cloning. It sets the immediate issues in the context of underlying theological and philosophical assumptions, and draws out broader concerns for social justice. Complex scientific issues are explained in clear and intelligible language.

Throughout the book, the author draws on primary sources from Thomas Aquinas, and develops her own distinctive ethical approach. This demonstrates that a virtue ethic centred on wisdom provides the most appropriate way to approach the ethics of nature. She has held academic posts in both plant science and theology, giving her an ideal vantage point from which to write.

272 PAGES / 0-631-22937-X HB

10 Good Questions About Life and Death

CHRISTOPHER BELSHAW

Open University

This book addresses the fundamental questions that many of us ask about life and death. Drawing on, and pulling together issues in medical ethics, philosophy of religion, personal identity and population theory, its concern is squarely with questions of value, such as: Is life sacred? Is it bad to die? Does life have meaning? Does reality matter?

In this way, author Christopher Belshaw encourages readers to think about and respond to the more perplexing aspects of the human condition. He writes in an engaging and straightforward manner, avoiding technicalities, and illustrating his arguments with case studies, thought-experiments, and references to literature, film, music, religion and myth.

The Ethics of War

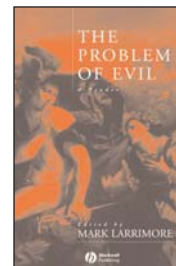

An Historical Anthology Classic & Contemporary Readings

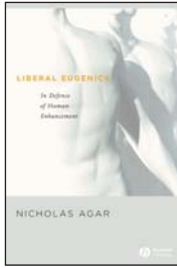

Edited by GREGORY M. REICHBERG, HENRIK SYSE & ENDRE BEGBY

International Peace Research Institute, Oslo; International Peace Research Institute, Oslo (PRIO); University of Pittsburgh

THE ETHICS OF WAR is a much-needed anthology addressing issues both timely and age-old about the nature of war. When is recourse to arms morally justifiable? What moral constraints should apply to military conduct? How can a lasting peace be achieved? Over the past two and a half millennia a substantive body of ethical reflection has emerged in response to these and similar questions. This much-needed anthology brings together in one volume a collection of essays by classic and medieval philosophers, as well as thinkers of the modern age.

Comparative Religious Ethics

A Narrative Approach

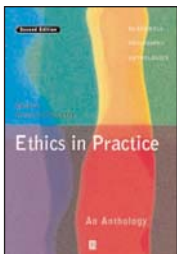

DARRELL J. FASCHING &
DELL DECHANT

Both University of South Florida

COMPARATIVE RELIGIOUS ETHICS breaks with the assumption that there is a uniquely "Christian" or "Buddhist" solution to an ethical issue, and reflects instead the way in which ancient stories from diverse religions have influenced contemporary ethical issues. This approach to religious ethics is designed to appeal to students, and the text is accompanied by a teacher's manual which shows how to use the book in conjunction with contemporary films such as *The Long Walk Home*, *Casualties of War*, *Crimes and Misdemeanours*, and *Wall Street*.

Further details, including an instructors' manual, are available from the accompanying website at www.blackwellpublishing.com/faschingdechant

Augustine

GARETH MATTHEWS

University of Massachusetts at Amherst

This lucid survey takes readers on a thought-provoking tour through the life and work of Augustine. Topics discussed include skepticism, language acquisition, mind-body dualism, philosophical dream problems, time and creation, faith and reason, foreknowledge and free will. The book concludes with a consideration of how Augustine could be both a religious believer - indeed, a prominent theological dogmatist - and also a Socratic philosopher.

Contemporary Debates in Philosophy of Religion

Edited by **MICHAEL L. PETERSON & RAYMOND J. VANARRAGON**

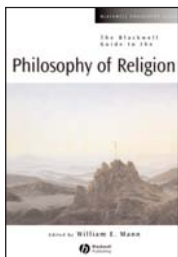

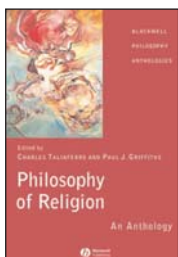

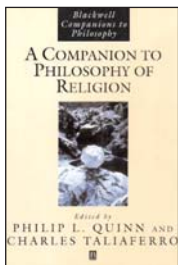

Both *Asbury College*

CONTEMPORARY DEBATES IN THE

PHILOSOPHY OF RELIGION features newly commissioned debates on some of the most controversial issues in the field. For example: Is evil evidence against belief in God? Does science discredit religion? Is God's existence the best explanation of the universe? Is eternal damnation compatible with the Christian concept of God? Is morality based on God's commands?

Twelve central questions are posed, with each question addressed by a pair of opposing essays. The debates range from vigorous disagreements between theists and their critics to arguments between theists of different philosophical and theological persuasions.

Religious Belief

THOMAS SENOR

University of Arkansas

What, if anything, should we believe about God? What is the nature of faith? Is belief in God rational? Questions about the nature of religious belief - especially with respect to its rationality, its justification, and its relation to religious experience - are central to the philosophy of religion.

In *The Epistemology of Religious Belief*, Thomas Senor introduces and analyzes the central concepts and problems of religious belief. While he finds many of the traditional defenses of religious belief lacking in coherence or justification, Senor mounts a vigorous defense of a version of theistic belief which allows for the rationality and justification of a variety of religious beliefs.
