

Journals added to *Blackwell Synergy* this month

The following science and medicine journals have been added to *Blackwell Synergy* this month. If you already have an online subscription to these titles, either individually or as part of our 2002 consortia collection package, then please ensure that your OPAC or library website include these links.

Please see the notes below about how to access your Administrator Homepage so that you can download a .csv file for loading into your site.

- *American Journal of Reproductive Immunology*
<http://www.blackwell-synergy.com/rd.asp?code=AJI&goto=journal>

- *Physiologia Plantarum* – All content free until April 30th 2002.
<http://www.blackwell-synergy.com/rd.asp?code=PPL&goto=journal>

Reminder – How to Access your Administrator Homepage

1. Go to <http://www.blackwell-synergy.com> and enter your administrator username and password at the top of the page (this is the same username and password that you used before). Click 'Login'. Your name should now appear in the blue band at the top of the page.
2. Select the 'My Synergy' button in the menu bar at the top of the page. This is where you can administer both your personal and institutional accounts with *Blackwell Synergy*.
3. To access your institution's Administrator Homepage, click on the link with your institution's name displayed.
4. You will now see your Administrator Homepage pop up in a new window.

The screenshot shows the Blackwell Publishing website's 'My Synergy' user interface. At the top, there is a navigation bar with links for Home, Browse, Search, My Synergy, Register, and Help. Below this, a user profile section displays the name 'Fred Smith' (circled in red) and a login form with fields for Username and Password, and a Login button. A 'Forgotten Password?' link and a Logout button are also present. Below the login section, a breadcrumb trail reads 'You are at: Home > My Synergy'. A blue band contains the text 'Your Institution Name' (circled in red) and 'Your Name' (circled in red). Below this, the text 'Your Institution's Name' (circled in red) is shown. A link labeled 'The link to access your Admin Homepage' (circled in red) points to the text 'Your Institution Name'. Below the navigation bar, there are tabs for Journals, Articles, E-mail Alerts, Access, and Registration Details. A message states: 'Current and expired subscriptions are shown below. For current subscriptions you have access to all issues on Blackwell Synergy for that journal. Expired subscriptions are shown in red.' Below this is a section titled 'Journal Subscriptions' with a table header: 'Journal Title', 'Expiry Date', and 'Coverage'. A red arrow points to the table area with the text: 'This area lists any personal subscriptions you may have. Institutional subscriptions are listed on your Admin Homepage, or from the main Synergy Homepage'.

5. You need to **update your details** in 'My Synergy'. Click on the 'Registration Details' tab and let us know which subject areas you are most interested in and update the e-mail and address *Synergy* holds for you.

Please note: We have converted all library administrator usernames and passwords into personal usernames and passwords. This will enable you to set up your own e-mail table of contents alerts and personal subscriptions, as well as administering the institutional account.

PDR Model License Adopted by Blackwell Publishing

We are pleased to announce that for sales to the pharmaceutical industry, Blackwell Publishing now uses the standard model license devised in collaboration with the Pharmaceutical Documentation Ring (<http://www.p-d-r.com>).

The license is designed to meet the specific information needs of researchers in the pharmaceutical industry. As with the NESLI model license, it offers a common starting point for negotiations about accessing electronic journals. For more information on this license, please contact your Blackwell Publishing sales representative or njensen@blacksci.com

Error in February Newsletter

In the last issue of this Newsletter, we indicated that the journals **Acta Orientalia** and **Revue Romane** were available online as well as in print. This was an error and in fact these titles are available only in print version during 2002. We do apologise for any confusion caused by this. If you would like to take out a subscription to these titles, please contact jninfo@blackwellpublishers.co.uk

Our Websites

- *Blackwell Synergy*: <http://www.blackwell-synergy.com>
- Blackwell Publishing: <http://www.blackwellpublishing.com>
- For information on our socialscience and humanities books and journals: <http://www.blackwellpublishers.co.uk>
- For information on our science, medical and professional books and journals: <http://www.blackwell-science.com> and <http://www.munksgaard.dk>

Have you found this useful?

Please let us know if you have any comments or suggestions for this newsletter.

Opting Out - If you would prefer not to receive these updates (which will be sent approximately monthly), then let us know by replying to this message. Feel free to forward it to any colleagues who you think may find it useful.

Many thanks and best wishes,

Blackwell Publishing
