

# The BLACKWELL PUBLISHING

## Collection 620+ Journals

### Collections also available for **SCIENCE, MEDICINE, SOCIAL SCIENCE and HUMANITIES Journals**

*The Blackwell Publishing Collections provide online access to many of the world's leading peer-reviewed journals published on behalf of scholarly and professional societies. The Collections are ideal for library consortia wishing to provide their users with excellent online journal access, topping-up existing print holdings across a broad range of subject areas.*

#### GREAT VALUE FOR MONEY

- Full-text access to highly cited, peer-reviewed journals, majority published for societies
- Offers participating institutions a rich supply of content
- Unlimited access for all faculty and students through IP recognition and remote username and password
- Access includes all available online back volumes
- Licence designed with librarians for librarians

#### EXCELLENT CHOICE OF ACCESS ROUTES

- Choice of access routes with several aggregator online delivery services available
- Access also available via **Blackwell Synergy**, our leading online research tool. The benefits of this service include:
  - No additional access fee
  - Library Administrator Area where you download an SFX-compatible file for setting up links in your library catalogue
  - Administer your own IP addresses
  - Daily updated usage statistics
  - CrossRef links to cited articles, and forward links to articles that cite this article
  - Reference links to ISI Web of Knowledge, PubMed (MEDLINE), and other databases
  - OnlineEarly articles – published online before the print issue is ready
  - Free Table of Contents email alerts
