

£22.50 2004 1405110554
 This extensive revision includes modern concepts on site assembly, environmental issues and safety, and features further reading.

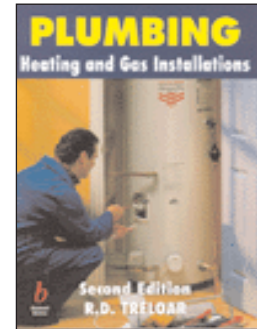

£22.50 1999 063205381X
 A thorough introduction to the techniques of modern plastering, as well as coverage of obsolete practices for the purposes of restoration and conservation work.

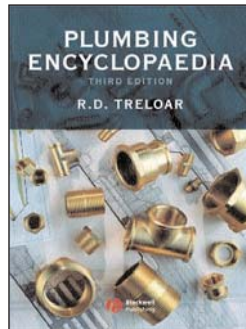

£21.50 1998 0632041595
 The only comprehensive text for NVQ Levels 2 and 3 students of painting and decorating.

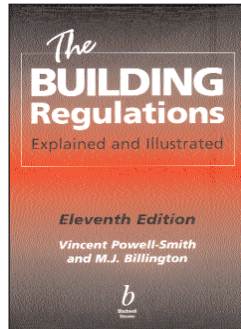

£12.99 2001 0632057653
 Metric and imperial tables of dimensions for timber roofs - a housebuilder's and carpenter's tool.

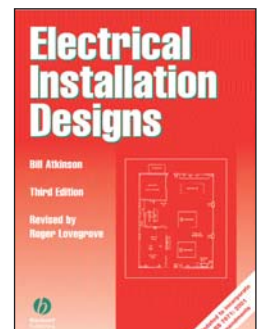

£21.50 2000 0632053321
 Core text for NVQ Levels 2 and 3 students of plumbing, heating and gas installation.

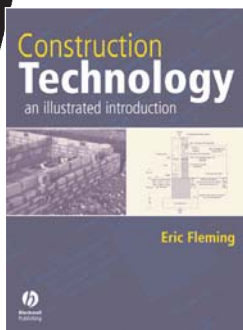

£23.99 2003 1405106131
 Provides succinct and well illustrated definitions of over 1500 terms from the field of plumbing and mechanical services, including gas installations

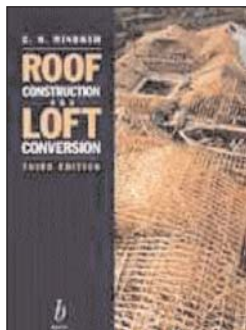

£42.50 2003 0632058374
 The top guide to the Building Regulations for England and Wales.

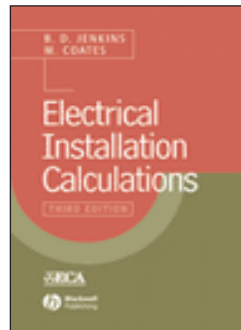

£24.99 2002 1405106344
 Shows how to design and complete a range of electrical installation projects - domestic, commercial, industrial and agricultural.

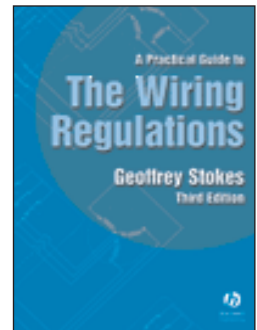

£22.50 2005 1405102101
 A comprehensive introduction to every aspect of the technology of low-rise construction.

£39.50 1999 0632052015
 Provides practical guidance on the design and construction of timber roofs, featuring numerous detail drawings.

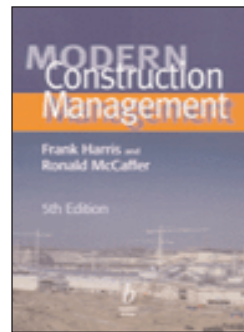

£36.50 2002 0632064854
 Provides guidance on how to carry out the calculations required for circuit design in compliance with the Wiring Regulations BS 7671.

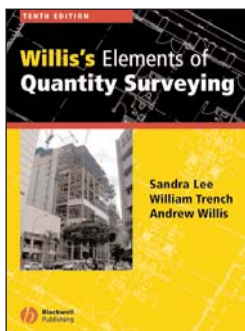

£42.50 2002 0632058986
 A thorough, practical guide to the Wiring Regulations, BS 7671. It gives particular attention to inspection, testing, verification, certification and reporting. Includes the 2001 revisions to the Regulations.

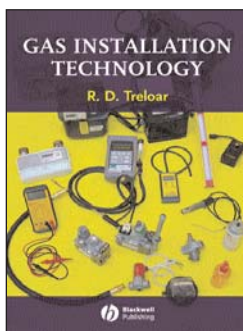

£45.00 2002 0632057718
An essential aid in the initial design and planning of a building project.

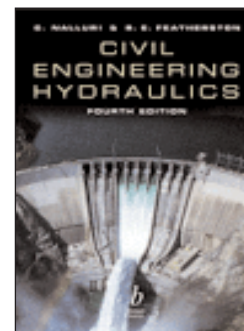

£27.99 2000 0632055138
Core 1and 2nd year undergraduate text on managing construction and civil engineering projects.

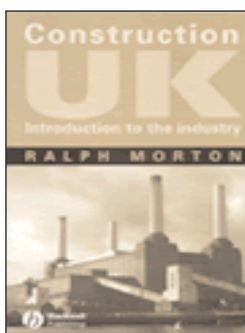

£22.50 2005 1405125632
Core text on building measurement for 1st/2nd year HND/degree students of quantity surveying - first published 1935!

£22.50 2005 1405118806
The definitive text for students taking NVQ gas installation and plumbing courses.

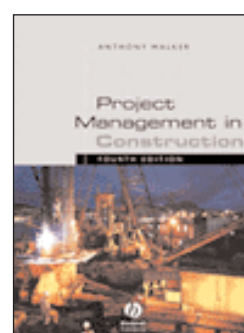

£26.99 2001 0632055146
Core text for 1st and 2nd year HND/degree students on civil engineering on the mechanics of liquids in motion.

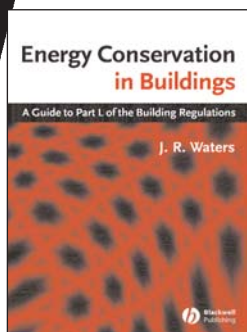

£17.50 2002 0632058528
A thoroughly readable overview of the structure of the construction industry.

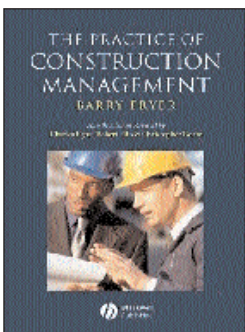

£62.50 2002 0632039256
Examines each main building type with a brief outline of the main design considerations, followed by a range of building examples, primarily in the form of plans.

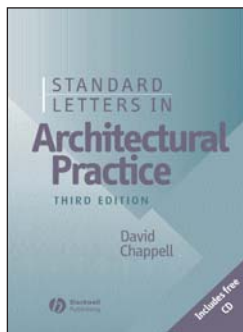

£28.50 2002 063205736X
The revised edition provides a general update on recent research and new coverage of partnering and its underpinning theory

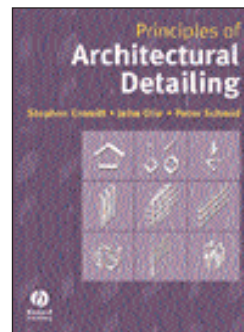

£27.50 2003 1405112530
Major new regulations on energy conservation introduced to the Building Regulations for England and Wales in April 2002. This new guide explains the regulations and how they apply to particular cases.

£26.50 2004 1405111100
Offers construction managers and students a readable account of management ideas and practices, concentrating particularly on the human side of construction management.

£51.50 2003 1405115564
This set of some 285 standard letters is based on the RIBA Plan of Work and is suitable for use with all the main JCT forms as well as GC/Works/1. The book includes a free CD-Rom of all the letters which can be customised.

£24.95 2004 1405107545
Technical and practical guidance for student designers and detailers enabling them to make sound design decisions.
